REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Cohasset:

This year's activities continued on a path of increased involvement by the board on a multitude of matters as the decade of the seventies took its leave. In addition to usual weekly meetings, many others were held throughout the year in special session and with other boards and committees.

Long-term board member, Mary Jeanette Murray cognizant of her duties as Representative in the General Court for the Third Plymouth District chose not to seek re-election. There is no doubt that her expertise will be missed but she will continue to serve the Town well in that capacity with her energetic, untiring dedication to public service.

Newly elected member, Rocco F. Laugelle comes to the board with wide experience and proven concern for Town affairs having served as a water and sewer commissioner and on many other committees over the past fifteen years. He brings a new dimension to the board which will prove invaluable in the years ahead.

The board carried out the charge of the 1979 annual town meeting by implementing the following projects:

- (a) Refurbished harbor seawalls with hydraulically applied concrete as required by Article 21.
- (b) Installed a corrective drainage system on Pleasant Street in accordance with Article 25.
- (c) Entered into a joint venture with the town of Hull for a comprehensive study of Strait's Pond and surrounding area which is progressing on schedule (Article 34).
- (d) Resurfaced 2,000 ft. of roadway in the Woodside Cemetery as authorized by Article 76.
- (e) Completed reconstruction of the practice area at Milliken Field under Article 17, except for final seeding which will be done next spring.
- (f) Performed authorized repairs and painted certain town buildings within the very limited budget provided for such purposes.

In other matters, construction of the storm-damaged Atlantic Avenue causeway was completed and opened to traffic. Its cost, amounting to approximately \$475,000. was assumed entirely by the Federal Government.

Easements were obtained and an engineering firm engaged to prepare plans and specifications to rebuild the breakwater beyond the end of Howard Gleason Road. A contract will be awarded early in 1980 for the \$40,000. project which

is also entirely funded by the Federal Government.

The board, through its chairman, arranged for one-hundred percent Federal Funding for reconstruction of the main harbor breakwater at a cost of approximately \$300,000. It was completed under the management of the Town of Scituate because the seawall is within their waters.

The board also entered into an arrangement with the County of Norfolk upon the recommendation of William S. Signorelli, Town Accountant, to process water department accounts through the county's I.B.M. computer in Dedham. A program was developed to meet the town's needs and all accounts are "on-line". It is planned that other accounting functions will be processed likewise with greater efficiency and at a tremendous saving to the town. As the workload permits, a remote input terminal can provide direct access to the computer, which is being made available to all towns in the county, based on this pilot program.

The energy crisis is a problem which will bother us for some time to come. All possible measures are being taken to keep energy costs at a minimum without reducing services. The board will continue to closely monitor the uses of electricity, fuel oil, natural gas and gasoline by various departments to reduce consumption and partially offset increasing costs.

Federal revenue sharing and the comprehensive employment training program (C.E.T.A.) continued on a downward trend again this year imposing additional financial burden upon the town. It is anticipated that these sources of income will continue to decrease.

The board wishes to extend special recognition to William S. Signorelli who has worked diligently to improve accounting methods in the interest of controlling costs and also for his assistance in implementing an effective cash management program in conjunction with Treasurer-Collector, Gordon E. Flint.

The other members of the board are grateful for Chairman, Arthur L. Clark's daily attention to the affairs of the office which has occupied a disproportionate amount of his time. Many of the aforementioned activities could not have progressed so smoothly, or even existed, without his watchful eye on every detail with complete dedication to the town.

The entire board thanks all those citizens, officials, employees, boards and committees who have demonstrated complete cooperation over the past year.

Respectfully submitted,

Arthur L. Clark, Chairman
Henry W. Ainslie, Jr.
Rocco F. Laugelle

REPORT OF THE HARBOR STUDY COMMITTEE FOR 1979

In 1979 Cohasset Harbor underwent a number of changes to improve the overall safety of the harbor, strengthen its shoreline walls, and increase mooring facilities.

1. The breakwall was dismantled and rebuilt to its original height to protect the area of the harbor that is open to northeast storms.
2. Boat operation at the fishermen's float at Government Island has been improved through the removal of 450 cubic yards of dredged material.
3. Town owned walls from the Sailing Club to Veterans Park and around to the Cox estate were sealed by concrete spraying to resist erosion and cracking.
4. Four more boats were able to be moored in the harbor through improved mooring racks.

A master plan for the future of the harbor was started with the assistance of the planning firm of Anderson-Nichols of Boston. This effort is a continuation of the Coastal Zone Management plan for the town that was completed in 1977 with the help of the same firm.

Town funds for the above work were kept low by using grants and emergency funds from both state and federal agencies.

State legislation passed in 1979 requires that personal property taxes levied on boats be paid to the town in which the boat is moored on the first of July. Tax revenues that had been previously paid to Cohasset have been lost to Scituate since about one third of the area of the harbor is inside the boundaries of Scituate. The Harbor Committee will be working with Scituate Harbor officials to make proposals to bring about a balanced arrangement for the financial requirement of Cohasset Harbor.

Respectfully submitted,

Charles G. Fink, Chairman
Cohasset Harbor Study Committee

TOWN CLERK'S REPORT
REPORT OF THE ANNUAL TOWN MEETING HELD APRIL 7, 1979

At the Annual Business Meeting held at the Cohasset High School in the Joseph M. Sullivan Gym at 10:00 a.m. April 7, 1979, the following articles were contained in the Warrant and acted upon as recorded.

Checkers previously appointed by the Selectmen for entrance and sworn in by Town Clerk Charles A. Marks at 9:15 a.m. were Margaret C. Hernan, Frances L. Marks, Mary M. Brennock, Barbara Williams and Constance Jones.

Tellers appointed by Moderator David E. Place reported to work at 10:00 a.m. were Edward E. Tower, Robert Pape, Arthur L. Lehr, Jr. and Frederick E. Howe.

REPORT OF THE HARBOR STUDY COMMITTEE FOR 1979

In 1979 Cohasset Harbor underwent a number of changes to improve the overall safety of the harbor, strengthen its shoreline walls, and increase mooring facilities.

1. The breakwall was dismantled and rebuilt to its original height to protect the area of the harbor that is open to northeast storms.
2. Boat operation at the fishermen's float at Government Island has been improved through the removal of 450 cubic yards of dredged material.
3. Town owned walls from the Sailing Club to Veterans Park and around to the Cox estate were sealed by concrete spraying to resist erosion and cracking.
4. Four more boats were able to be moored in the harbor through improved mooring racks.

A master plan for the future of the harbor was started with the assistance of the planning firm of Anderson-Nichols of Boston. This effort is a continuation of the Coastal Zone Management plan for the town that was completed in 1977 with the help of the same firm.

Town funds for the above work were kept low by using grants and emergency funds from both state and federal agencies.

State legislation passed in 1979 requires that personal property taxes levied on boats be paid to the town in which the boat is moored on the first of July. Tax revenues that had been previously paid to Cohasset have been lost to Scituate since about one third of the area of the harbor is inside the boundaries of Scituate. The Harbor Committee will be working with Scituate Harbor officials to make proposals to bring about a balanced arrangement for the financial requirement of Cohasset Harbor.

Respectfully submitted,

Charles G. Fink, Chairman
Cohasset Harbor Study Committee

TOWN CLERK'S REPORT
REPORT OF THE ANNUAL TOWN MEETING HELD APRIL 7, 1979

At the Annual Business Meeting held at the Cohasset High School in the Joseph M. Sullivan Gym at 10:00 a.m. April 7, 1979, the following articles were contained in the Warrant and acted upon as recorded.

Checkers previously appointed by the Selectmen for entrance and sworn in by Town Clerk Charles A. Marks at 9:15 a.m. were Margaret C. Hernan, Frances L. Marks, Mary M. Brennock, Barbara Williams and Constance Jones.

Tellers appointed by Moderator David E. Place reported to work at 10:00 a.m. were Edward E. Tower, Robert Pape, Arthur L. Lehr, Jr. and Frederick E. Howe.

The number of voters present as checked on the incoming voting list was 426.

The meeting was called to order by the Moderator at 11:00 a.m., and the Town Clerk proceeded to read the call of the meeting.

The invocation was given by Rev. John Benbo, Minister Second Congregational Church.

MOVED: To hear the report of any Committee heretofore chosen and act thereon, and that the reports of Town Committees be heard, accepted and continued in office, list of Committees include Police Chief Selection Committee.

ARTICLE 3 voted unanimously by a voice vote.

April 7, 1979 Report of the Police Chief Selection Committee. As Chairman of the Police Chief Selection Committee, I have a brief report to make. The Committee was created at the 1978 Town Meeting and given the task of forwarding to the Selectmen, at an appropriate time, the names of three persons whom we judge to be qualified as the next Police Chief of Cohasset. From among those three names the Selectmen are to choose a successor to Chief Feola after his resignation or retirement.

In a letter to the Selectmen, our incumbent Chief has stated that he will leave office on July 28, 1980, his 65th birthday.

I speak for the entire Committee in stating that we hope to use that limited time wisely in preparing for one of the most important decisions to be made in our community next year.

It is impossible to overstate the importance of the role and function of a Chief of Police, especially in a small community such as Cohasset. Not only does he give direction and support to the persons on the Police Force; he also has an important role in relation to the community as a whole, representing as he does public safety, order, and fairness.

We take very seriously the responsibility you have given to us. We have spent many hours on it, and will spend many more before our job is done.

Right now, we need the help of every citizen of Cohasset. We need to know what kind of Police Chief you think Cohasset needs. What are the formal qualifications and the informal qualities of personality which you regard as important in our next Chief?

In order to listen to your answers to these questions, we have scheduled a Public Hearing on the topic "Cohasset's Next Police Chief: What Do We Want?"

The hearing will be on April 24 at 7:30 P.M. in the Town Hall. We invite every citizen of Cohasset to share your ideas and hopes with our Committee. If you cannot be present on April 24, please send a written description of what you think we ought to be looking for.

Members and heads of other town departments, along with elected and appointed officials, and of course members of the Cohasset Police Department, are cordially welcome at the Hearing. (Needless to say, our concern in the Hearing will be to consider the qualifications and qualities of our next Chief, not our incumbent Chief.)

Please mark down the date and time: *April 24, at 7:30 P.M. at the Town Hall.*

"Cohasset's Next Police Chief: What Do We Want?"

Thank You.

Police Chief Selection Committee: Rev. John M. Benbow, Chairman, John Keefe, Margaret Lynch, Richard Silvia and John Thompson.

ARTICLE 4. (Inserted by the Board of Selectmen, Arthur L. Clark, Chairman, and others.)

To see if the Town will vote to fix the salaries and compensation of Elected Officers, and to see what sums the Town will vote to raise and appropriate, from available funds, or otherwise, for the payment of said salaries and compensation, expenses, equipment and outlays, capital and otherwise, of the several Town Departments, for the ensuing fiscal year, or to act on anything relating thereto.

VOTED unanimously by a voice vote in the affirmative at 12:00 midnight.

TUESDAY, APRIL 10, 1979

Moderator David E. Place called the meeting to order at 8:00 P.M. There were 273 voters present as checked on the voting lists at the entrance.

RESOLUTION

RESOLVED: That the intent of this meeting is to have the Board of Sewer Commissioners continue to address the wastewater disposal problems in the Veterans' Area, Hillside Area, 3-A and Sohier Street Area, and, in order to channel constructive public input, appoint a Citizens Advisory Group as described under the EPA guidelines for such groups (Clean Water Act 40CPR Part 25.7 and Part 35 917-5) from the following four community sectors:

- (1) private citizens representing specific areas such as Sohler Street, 3A residential, Hillside, "Veterans", and
- (2) public interest groups;
- (3) public officials representing other interested boards;
- (4) representatives with substantial economic interest in areas of proposed sewerage or outfall from such as 3A businessmen, realtors, buildings, and the Fishermen's Association.

Said subgroups to be numerically balanced and the whole group to number nine to twelve members.

Said Citizens Advisory Group to evaluate options already proposed in the Metcalf & Eddy Step 1 Facilities Plan for the solution of such serious wastewater disposal problems, and to consider and compare alternatives and innovative approaches not listed by Metcalf & Eddy for these options.

Said group to keep the Sewer Commissioners informed of their progress and to enable the Commissioners to report to the Town no later than the next Special or Annual Town Meeting.

Recognition of said group by the EPA as a Citizens Advisory Group be sought by the Board of Sewer Commissioners.

RESOLUTION voted by a voice vote.

ARTICLE 37

(Inserted by the Board of Selectmen at the request of Cornelia L. O'Malley, Chairman of the Bylaw Study Committee.)

To see if the Town will vote to amend the Municipal Bylaws of the Town of Cohasset by repealing all presently existing Municipal Bylaws except the Personnel Classification and Compensation Plan and the Historic District Bylaw and substituting in their place and stead Articles I through X of the proposed Municipal Bylaws appearing in the printed booklet accompanying this Warrant and incorporated herein by reference or act on anything relating thereto.

MOVED: That the Town amend the Municipal Bylaws of the Town of Cohasset by repealing all presently existing Municipal Bylaws except those heretofore adopted at this meeting, the Personnel Classification and Compensation Plan and the Historic District Bylaw and substituting in their place and stead Articles I through X of the proposed Municipal Bylaws appearing in the printed booklet accompanying this motion and incorporated herein by reference.

ARTICLE 37 voted unanimously by a voice vote.

ADDENDUM TO WARRANT ARTICLE 37

ARTICLE I

INTRODUCTION

Section 1. General Provisions

(a) These articles shall constitute the By-laws of the Town of Cohasset, which shall be in lieu of all by-laws heretofore in force, except for the zoning by-laws, and shall become effective upon approval of the Town Meeting and the Attorney General of the Commonwealth of Massachusetts after publication, pursuant to Chapter 40, Section 32, of the Massachusetts General Laws.

(b) The repeal of a by-law shall not have the effect of reviving any by-law previously repealed.

(c) Any or all of these By-laws may be repealed or amended and any other by-laws may be adopted by a majority vote at any Town Meeting, provided an article for that purpose has been inserted in the Warrant for such meeting. A change in a zoning by-law requires a two-thirds vote of the Meeting.

(d) When a by-law prohibits anything from being done without license or permission from a certain officer, board, or committee, such officer, board, or committee shall have the power to license or permit such thing to be done, unless otherwise provided by law.

(e) The invalidity of any article or section of these By-laws shall not affect the validity of any article, section or By-law otherwise valid, and these By-laws shall remain in effect as amended from time to time, except for those articles or sections thereof which are determined to be invalid.

(f) Whoever violates any provision of these By-laws shall, unless some other penalty is expressly provided by law, pay for each offense a fine not exceeding One Hundred Dollars (\$100.00).

(g) Prosecution for the breach of any of the provisions of these By-laws shall be commenced within six (6) months from the alleged breach.

Section 2. Definitions of Terms

(a) The words "public way" shall include any highway, town way, road, bridge, street, sidewalk, or square dedicated to public use.

(b) The words "owner" or "occupant" of a building or land shall include any sole owner or occupant and any joint tenants, tenants in common, or tenants by the entirety, of the whole or any part of a building or lot of land.

(c) The word “person” shall include individuals, corporations, societies, associations, and partnerships.

(d) Any use in these By-laws of the phrase “by law” shall mean in accordance with the laws of the United States of America and of the Commonwealth of Massachusetts, as well as regulations promulgated by the authority thereof, as from time to time amended.

(e) Whenever used herein, a pronoun in the masculine gender shall include the feminine gender. Whenever the context may be so construed, any noun, pronoun, or verb in the singular shall include the plural. The words “herein”, “hereunder”, or any compound of the word “here” shall refer to the entire By-laws, as from time to time amended.

Section 3. Officers and Committees

(a) All elected officers shall be voters of the Town.

(b) Unless otherwise specified in these By-laws, officers and members of boards and committees shall receive no compensation.

(c) All officers and members of boards and committees shall continue to hold office until their successors are installed.

(d) Persons who resign from Town offices, boards, or committees shall submit formal notification of their resignation to the Town Clerk, as well as to the chairman of the board or committee from which they are resigning.

(e) Vacancies in offices shall be filled for the remainder of an unexpired term in the following manner:

(i) Vacancies in elected offices shall be filled in accordance with Chapter 41, Sections 10 and 11, of the Massachusetts General Laws.

(ii) Unless otherwise provided by law or these By-laws, vacancies in appointive offices shall be filled by the original appointing authority.

(f) All officers of the Town at the expiration of their term of office shall deliver to their successors all books, papers, documents and other properties in their custody belonging to the Town.

(g) All books, papers, and documents belonging to the Town and not necessary for the immediate use of any department shall be placed in the custody of the Town Clerk and deposited in the Town vaults.

(h) Unless otherwise provided by vote of the Town, by law, or in these By-laws, all committees shall be appointed by the Moderator or other appointing authority as soon as possible after the passage of the vote creating the committee. If a committee is chosen by nominations from the floor of the Town Meeting, no person shall nominate more than one member of such committee.

(i) Appointments of successors to standing committees shall be made within 30 days after the Annual Town Meeting, unless otherwise provided by law or these By-laws.

(j) Unless otherwise provided, the first-named member of a committee shall immediately call all members of the committee together for the purpose of organization. Each committee shall thereafter proceed with its duties and report to the Town as promptly as possible, and, unless it is discharged, it shall make a report at the next Annual Town Meeting. The members of a committee which fails to make a report at such Annual Meeting shall by such failure be held to have resigned, and without further action or vote, new members shall be appointed by the original appointing authority unless other action is taken by express vote of the Meeting.

(k) All committees responsible for any matter requiring a public hearing shall give proper public notice, stating the time, place, and purpose of such hearing, in accordance with Chapter 39, Section 23B, of the Massachusetts General Laws.

(l) A vote to accept the report of a committee, except a report of progress, shall unless otherwise provided, discharge the committee, but it shall not operate as an adoption of the recommendations of such report without an express vote duly passed to that effect.

(m) All reports of committees, except reports of progress, shall be in writing and shall be permanently filed with the Town Clerk; and if the Selectmen so require or the Town so votes, the report of any committee shall be published as a part of the next Annual Town Report.

(n) A majority of the members of a committee shall constitute a quorum, and unless otherwise provided by law, by governing instrument, or these By-laws, a majority vote of those members constituting a quorum shall prevail.

(o) Each board, commission, or committee shall annually elect a chairman from its membership.

(p) Each board, commission or committee shall keep records of its meetings and other proceedings sufficient to ensure continuity in its operations from year to year.

(q) Each Town officer, each head of a Town department, committee, or board, and any individual having charge or custody of any real or personal property belonging to or under the control of the Town shall annually by January 10 file with the Board of Selectmen and with the Town Accountant an itemized inventory of such property, both real and personal, under his control. This report shall include a description of the property and an appraisal of its replacement value, and shall be true, accurate, and complete as of the close of business on December 31 of the preceding year. Each

officer or head of a Town department, committee, or board shall, upon the purchase or acquisition of any property, render a statement in writing to the Selectmen and Town Accountant fully describing the property, with the replacement value thereof.

(r) The reports of all officers, boards, or committees which are to be printed in the Annual Report shall be delivered to the Selectmen at least sixty days before the date of the Annual Town Meeting.

(s) Unless otherwise provided by statute or these By-laws, all fees, fines or other moneys collected in the name of or on behalf of the Town by any Town officer, board, or committee shall be turned over to the Treasurer-Collector.

(t) All boards, commissions, or committees shall comply with Chapter 39, Section 23B of the Massachusetts General Laws concerning notice of meetings and conduct of proceedings.

ARTICLE II

TOWN MEETING

Section 1. Annual Town Meeting

(a) The Annual Town Meeting shall be held on the first Saturday in April in each year at 10:00 A.M. The Meeting for the election of those Town officers who by law must be elected by ballot, and for determining such matters as by law must be decided by ballot, shall take place on the second Saturday in April; the polls shall be open at 8:00 A.M. and shall remain open until 6:00 P.M. or until such further time as the Meeting may vote.

(b) The Selectmen shall give notice of every Annual Town Meeting by causing a constable to post attested copies of the warrant for such Meeting at the Post Office in the Town, and in not less than five other public places in the Town, not less than seven days before the day appointed for the Meeting.

The Selectmen shall also cause to be left at each dwelling house or unit in the town a printed copy of the warrant for every Annual Town Meeting, at least five days before the time named in the warrant for holding the Meeting.

(c) The Selectmen shall insert any article in the warrant for an Annual Town Meeting upon written request by ten or more registered voters of the Town. The names and addresses of the first ten registered voters requesting insertion of an article shall be printed in the warrant immediately following such article. Such requests for insertion of an article in the warrant must be received by the Selectmen at least sixty days before the specified time for the Annual Town Meeting.

Section 2. Special Town Meeting

(a) The Selectmen may call a Special Town Meeting to consider any matter which in their opinion requires action prior to the next Annual Town Meeting. The Selectmen shall call a Special Town Meeting upon written request of 200 registered voters of the Town, the Meeting to be held not later than 45 days after the receipt of such a request. The Selectmen shall, moreover, insert in the warrant for the Special Town Meeting all subjects the insertion of which is requested in the petition of the voters. No action shall be valid unless the subject matter thereof is contained in the warrant.

(b) The Selectmen shall give notice of every Special Town Meeting by causing a constable to post attested copies of the warrant for the Meeting at the Post Office in the Town, and in not less than five other public places in the Town, not less than fourteen days before the day appointed for the Meeting. In addition thereto, a copy of the warrant printed in some convenient form shall be sent by mail to each registered voter of the Town, at least ten days before the day appointed for the Meeting.

(c) The Selectmen shall insert any article in the warrant for a Special Town Meeting upon written request by 100 registered voters of the Town. The names and addresses of the first ten registered voters requesting insertion of an article shall be printed in the warrant immediately following such article. The request for insertion of an article in the warrant must be received by the Selectmen within seven days after the call for the Special Town Meeting.

Section 3. Review and Insertion of Warrant Articles by Advisory Committee

Copies of all articles in the warrant for Annual or Special Town Meetings shall immediately be forwarded by the Selectmen to the Advisory Committee for their consideration. The Advisory Committee shall have the right to request the Selectmen to insert articles in the warrant until 20 days before the Annual Town Meeting.

Section 4. Quorum

Two hundred registered voters shall constitute a quorum at a Town Meeting, except that a motion to adjourn shall not require a quorum. No vote shall be held to be invalid for lack of the required quorum unless it appears from the records of the Town Clerk of the Meeting that before the result of such vote was declared the presence of a quorum was duly questioned and found to be lacking.

Section 5. Rules for Government of Town Meetings

(a) The Moderator, while occupying the chair, shall not participate in any discussion before the Meeting.

(b) Town Meetings are open, and participation is limited to registered voters of the Town, provided, however, that other persons may address the Meeting with its unanimous consent.

(c) Every person speaking upon a subject in any Meeting shall confine his remarks to the question before the Meeting, avoid personalities, and be seated when he has finished. Any person who is employed by another person regarding any matter under discussion at a Meeting shall disclose the fact of his employment before speaking thereon.

(d) Every person desiring to speak shall rise, address the chair, and, on obtaining recognition, shall state his name and stand while speaking unless the Moderator otherwise directs.

(e) No person shall speak on any subject a second time for more than five minutes unless the Meeting permits him to do so.

(f) No person shall speak more than twice upon any question, except to correct an error or make an explanation, without first obtaining the permission of the Meeting, and not until others who have not spoken upon the question shall speak if they so desire.

(g) When a question is to be voted on for which only a majority vote is required, the decision of the meeting shall be determined by the voices of the voters, and the Moderator shall promptly announce the vote as it appears to him by sound. If the Moderator is unable to determine the vote by the sound of the voices, or if his announcement is thereupon doubted by seven or more voters rising in their places for that purpose, the Moderator shall without debate determine the vote in either of the following ways:

(i) by ordering a hand vote, for which he may appoint tellers to make and report the count, or

(ii) by ordering a vote by ballot of the Meeting.

(h) If, after debate, the Meeting so orders, or if, upon recommendation of the Advisory Committee, the Moderator so orders (subject to appeal as provided in paragraph (l) in this Section), the vote on any motion shall be taken in one of three ways:

(i) by a hand vote,

(ii) by a vote with the use of a check list, or

(iii) by a "yes" or "no" ballot with or without use of a check list.

(i) When the Moderator rules that a motion is readily divisible, and either the Moderator deems it advisable or seven voters present so request, the motion shall be divided and the vote upon each part be taken separately.

(j) When a question is under debate, these motions shall be received:

- (i) to adjourn to a fixed time;
- (ii) to lay on the table;
- (iii) to stop debate (“previous question”)
- (iv) to postpone to a certain time;
- (v) to commit; or
- (vi) to amend,

and these motions shall have precedence in the order stated. The first three shall be decided without debate, and the latter three may be debated. Motions to lay on the table or to stop debate require at least a two-thirds vote.

When proposed amendments involve amounts, if to purchase, the largest amount, or, if to sell, the smallest amount, shall be put to a vote first.

(k) A motion to reconsider any vote may be made at an adjourned session of the Meeting only if the mover of this motion has given notice at the session of the Meeting at which the vote was taken, of his intention to make such motion at an adjourned session. There can be no reconsideration of a vote once it has been reconsidered or after a vote not to reconsider it. A motion to reconsider any vote must be made before the final dissolution of the Meeting during which the vote was taken.

Nothing contained in this paragraph, however, shall prevent or be construed as preventing the reintroduction of any matter in an article of the warrant for a subsequent Town Meeting.

(l) Any voter may appeal from the decision of the Moderator, and when his appeal is properly seconded by seven or more voters, no other business, except a motion to adjourn to a fixed time or to lay on the table, shall be in order until the question of appeal has been decided. The appeal shall be decided without debate and by a hand vote. If there is a tie vote, the Moderator’s decision stands.

(m) The duties of the Moderator and the government of the Town Meeting, not specifically provided for by law or in this Article II shall be determined by the rules of practice recommended in “Town Meeting Time: Practical Handbook of Parliamentary Law” (Johnson, Trustman, & Wadsworth, 1962), so far as they are appropriate for the conditions and powers of the Town.

ARTICLE III

ELECTED TOWN OFFICERS

Section 1. Town Moderator

(a) The Moderator shall be elected for a term of three years and shall receive compensation as fixed by the Town Meeting.

(b) The Moderator is the head of the legislative branch of the Town and shall preside at Town Meetings.

(c) All committees authorized by the Town Meeting, except as otherwise provided by law, these By-laws, or vote of the Town, shall be appointed by the Moderator as soon as possible after passage of the vote creating the committee.

Section 2. Selectmen

(a) The Board of Selectmen shall consist of three members, one elected each year for a three-year term. They shall hold no other elective Town office and shall receive compensation as fixed by the Town Meeting.

(b) The Selectmen, as the executive branch of Town government, shall have the general direction and management of the property and affairs of the Town in all matters not otherwise provided for by law and these By-laws.

(c) The Selectmen shall cause to be compiled, printed, posted, and distributed the Warrant for each Annual and Special Town-Meeting, in accordance with the provisions of Article II of these By-laws.

(d) The Selectmen shall cause to be printed and ready for distribution, at least seven days before the Annual Town Meeting, a report giving a detailed statement of the receipts and expenditures of the Selectmen, Treasurer-Collector, School Committee, and all other Town officers, boards, or committees who have had charge of expenditures of Town funds for the financial year immediately preceding. The Annual Report shall also contain all reports for the preceding year submitted by appointed and elected officers, boards, and committees, and the Town Clerk's record of Town Meetings held, a list of vital statistics of Cohasset citizens, election results, the jury list, and any other matters required under Chapter 40, Section 49. of the Massachusetts General Laws.

(e) Each quinquennial valuation of property made by the Assessors, or an abstract thereof, shall be printed with the Selectmen's Report for the year following the valuation. The Selectmen shall make available at their office an adequate number of copies of this report for purchase at a reasonable price set by the Selectmen.

(f) The Selectmen may appear, either personally or by Town Counsel or by Special Counsel duly employed by them, before any Court, Committee of the Legislature, Commission, or other tribunal, to protect the interests of the Town, but they are not authorized hereby to commit the Town to any course of action. They shall have authority as agents to institute, prosecute, and defend suits and claims against or involving the interests of the Town, and may pay settlements not exceeding Two Thousand Five Hundred Dollars (\$2,500.00) from any appropriation or funds which may be legally available for the purpose, when, in their judgment and upon advice of counsel, such settlement is in the best interests of the Town.

(g) The Selectmen shall have the possession and management of all real property purchased or taken for taxes not inconsistent with law or with the right of redemption. They may sell at public or private sale any property acquired by the Town through proceedings based on nonpayment of taxes, and may impose upon the property so sold such restrictions, reservations, or conditions as shall seem appropriate. They may execute, acknowledge, and deliver, in the name and under the seal of the Town, deeds or other instruments therefor. In the sale, conveyance, and transfer of real estate permitted or specifically authorized by the Town vote for a stipulated sum or to a designated person, the Selectmen may, whenever they deem it in the best interests of the Town, sell, convey, and transfer such real estate for a larger sum to a different person or at public auction.

(h) Whenever it is necessary to execute a deed or other instrument conveying any interest in land belonging to the Town, other than a tax deed, unless it is otherwise provided by law or by vote of the Town, such deed or instrument shall be executed on behalf of the Town by a majority of the Selectmen, and it shall be sealed with the Town Seal.

(i) The Selectmen shall have the right to sell any item of personal property of the Town after it has been properly appraised by a qualified person. If the property is appraised at more than One Thousand Dollars (\$1,000.00), the property shall be offered for sale at public auction. If property is not sold at public auction, or if it has been declared by a qualified person to be unsalable or of negligible value, the Selectmen may offer it to non-profit charitable organizations, and, if not accepted, to anyone who will remove the property promptly at no charge. All moneys realized from any and all sales shall be turned over to the Town Treasurer-Collector.

(j) The Selectmen shall keep insured against loss, damage, or fire all insurable property of the Town, both real and personal. They shall maintain general liability insurance and group health, accident, and life insurance for all eligible Town employees.

(k) The Selectmen shall have such other powers, duties, and responsibilities as are provided by the Massachusetts General Laws, including, without limitation, the following:

(i) Advertising for bids for purchases and expenditures in excess of Two Thousand Dollars (\$2,000.00) except as otherwise specified by statute;

(ii) Awarding contracts for public works projects, public buildings, and equipment, and being responsible for the proper fulfillment of such contracts;

(iii) Signing notes and approving the warrant for payrolls and payment of bills;

(iv) Appointing Town officers and employees whose selection is not otherwise specified by law or these By-laws;

(v) Negotiating labor contracts with Town employees, except as otherwise specified by the Massachusetts General Laws;

(vi) Making regulations governing the Police Department and the officers thereof;

(vii) Applying for federal and state funds to finance public works projects authorized by the Town Meeting, except as otherwise specified by law, and being responsible for the proper execution of the mandates of the Town concerning such works;

(viii) Appointing workers at elections, in accordance with Chapter 51 of the Massachusetts General Laws;

(ix) Caring for and maintaining trees, playgrounds, and public parks, including Wheelwright Park, in conformity with the Massachusetts General Laws and with provisions of specific bequests;

(x) Caring for and managing all public cemeteries;

(xi) Authorizing the location of street lights and approving street signs;

(xii) Issuing gasoline permits and the following licenses: Sunday, liquor, entertainment, common victualer, innholder, dealer, junk collector, auctioneer, and peddler. They shall establish appropriate fees for such licenses and permits, if not otherwise specified by law;

(xiii) Renting property of the Town under their jurisdiction on such terms and conditions as they deem appropriate and in the best interest of the Town;

(xiv) Conducting hearings involving complaints about dogs and other animals, and enforcing the provisions of these By-laws concerning such matters.

Section 3. Town Clerk

(a) The Town Clerk shall be elected for a term of three years and shall assume office seven days after his election. An individual who has served in the office of Town Clerk for five consecutive years may, by vote at a Town election, hold that office during good behavior, pursuant to the provisions of Chapter 41, Section 19B, of the Massachusetts General Laws. He shall be compensated as fixed by the Town Meeting.

(b) the Town Clerk shall perform the duties required of him by the Massachusetts General Laws, including, without limitation, keeping a record of vital statistics, election results, the jury list, the list of residents of the Town, and the list of registered voters, and shall record and file all agreements and other papers and documents affecting the interests of the Town.

(c) The Town Clerk shall instruct the Town Counsel to record every instrument conveying an interest in land to the Town, except as otherwise provided by law, in the proper Registry of Deeds, and shall retain custody of all such recorded instruments upon their return from the Registry of Deeds. He shall also keep in a book devoted to that purpose alone, true copies of all conveyances executed and delivered by the Town of any interest in land.

(d) The Town Clerk shall keep on file these By-laws and all revisions thereof and additions or amendments thereto, and shall make copies available to the public.

(e) The Town Clerk shall keep minutes of all Town Meetings and record all votes as declared by the Moderator. His report of any Town Meeting shall include each article in its entirety, together with the main motion and any amendments thereto and the disposition thereof.

(f) The Town Clerk shall, immediately after every Town Meeting, furnish the Board of Assessors, the Town Accountant, and the Treasurer-Collector with a statement of all moneys appropriated by the Town at such meeting, and of the purpose of each appropriation.

(g) The Town Clerk shall include in the regular record of a Town Meeting such portions of any report of a board or committee whose recommendations have been adopted as may be necessary for understanding the action taken by the Town.

Unless such a report has been printed in full in the Town Report, the Clerk shall cause it to be entered in full in the Book of Reports. This Book shall be properly indexed. The reports shall be numbered for each municipal year in the order of their presentation, and a marginal reference shall be made of the date of the meeting at which the report was presented. The regular record of the meeting shall also make reference to the number of the report as entered in the Book of Reports.

(b) Three members shall be appointed by the Moderator, three by the Selectmen, and three by the School Committee, the initial appointments by each appointing authority to be for one, two, and three-year terms. Thereafter one member shall be appointed by each authority annually for a three-year term. This provision shall take effect as terms of present appointees expire.

(c) The School Facilities Committee shall, as circumstances require, investigate and study the condition and adequacy of school facilities, and shall report to the Town Meeting its recommendations as to major maintenance and remodeling of present buildings, additions thereto, new buildings, and location and acquisition of sites.

(d) The School Facilities Committee may proceed on its own initiative in these matters and shall respond promptly to all written requests from the School Committee.

Section 5. Zoning Board of Appeals

(a) The Zoning Board of Appeals shall consist of three members and three associate members, each appointed for a three-year term by the Board of Selectmen, provided, however, that the initial appointment of one member and one associate member shall be for three years, one member and one associate member for two years, and one member and one associate member for one year. Thereafter one regular member and one associate member shall be appointed each year.

(b) The Zoning Board of Appeals shall hold public hearings as required for the following purposes:

(i) To hear and decide appeals from the decision of the Building Inspector concerning issuance or denial of building permits on the basis of conformity with zoning laws;

(ii) To hear and decide applications for special permits;

(iii) To authorize or deny variances from the zoning law; and

(iv) To fulfill such other responsibilities as are required under Chapter 40A of the Massachusetts General Laws.

Section 6. Council on Aging

(a) The Council on Aging shall consist of nine members, each appointed for a three-year term by the Board of Selectmen, with three members appointed each year.

(b) The Council on Aging shall coordinate and carry out programs to meet problems of aging, in cooperation with the Massachusetts Department of Elder Affairs.

(c) The Council on Aging may appoint such clerks and other employees as it may require.

(d) The Council on Aging shall submit an annual report to the Town and send a copy thereof to the Massachusetts Department of Elder Affairs.

Section 7. Conservation Commission

(a) The Conservation Commission shall consist of seven members, each appointed for a three-year term by the Board of Selectmen. Two members shall be appointed each of two successive years, with three members appointed the following year.

(b) The Conservation Commission shall hold public hearings and administer the provisions of Chapter 131, Section 40, of the Massachusetts General Laws.

(c) The Conservation Commission shall develop programs to preserve natural resources and protect the wetlands and watershed areas of the Town.

Section 8. Building Code Appeal Board

(a) The Building Code Appeal Board shall consist of five members, each appointed for a five-year term by the Board of Selectmen, with one member appointed each year.

(b) The Building Code Appeal Board shall hold public hearings as required to hear and decide appeals from the decision of the Building Inspector concerning interpretation and requirements of the State Building Code.

Section 9. Registrars of Voters

(a) The Registrars of Voters shall consist of the Town Clerk and three other persons appointed for three-year terms by the Board of Selectmen, with one member appointed each year as prescribed in Chapter 51, Section 15, of the Massachusetts General Laws.

(b) The Registrars of Voters shall be responsible for maintaining accurate lists of qualified voters of the Town and shall provide facilities for new citizens of the Town to register for the purpose of voting.

(c) The Registrars of Voters shall conduct an annual census to determine the number of persons in the Town seventeen years of age or older.

(d) They shall have such other duties and responsibilities as may be assigned to them under Chapter 51 of the Massachusetts General Laws.

Section 10. Historical Commission

(a) The Historical Commission shall consist of seven members, each appointed for a three-year term by the Board of Selectmen, with two members appointed for each of two successive years, and three members appointed the following year.

(b) The Historical Commission shall identify and record the historic landmarks of Cohasset and develop a program for the preservation and maintenance of the archaeological and historical assets of the Town.

(c) The commission may acquire in the name of the Town by gift, purchase, grant, bequest, devise, lease, or otherwise, the fee or lesser interest in any real or personal property of significant historical value and may manage such property.

Section 11. Cohasset Harbor Committee

(a) The Cohasset Harbor Committee shall consist of seven members appointed for an indefinite term by the Board of Selectmen. The members shall include the Harbormaster, a representative of the Yacht Club, a representative of the Sailing Club, two representatives of the commercial fishermen, a representative of the Recreation Commission, and an independent member.

(b) The Harbor Committee shall make recommendations to the Selectmen and the Town Meeting concerning operation of the Harbor.

Section 12. Design Review Board

(a) The Design Review Board shall consist of five members and two associate members appointed for three-year terms, provided that of the first five regular members appointed, one shall serve for one year, two shall serve for two years, and two shall serve for three years. Associate members shall serve for three years.

(b) Appointments shall be made by a committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Advisory Committee.

(c) The Building Inspector shall be an ex-officio member of the Design Review Board. Other members shall include, where possible, in order of preference, a registered architect, a landscape architect, a designee of the Planning Board, a craftsman, and one or more of the following: a nominee of any of the local historical societies, a building contractor, a lawyer, or a licensed real estate broker.

(d) The Board shall keep records of its proceedings and exhibits, together with its recommendations and the reasons therefor, in a file open to the public.

(e) The Design Review Board, when requested, shall assist Town boards, departments, and commissions in the review of plans, applications, or other matters relating to structures other than single-family dwellings. They shall submit written advisory reports to the requesting board, department, or commission within twenty-one days after receipt of the request for review. Review may include, but is not limited to, landscaping, external appearance, and location and scale of structures relative to site.

(f) All recommendations and reports of the Design Review Board shall have the concurrence of at least three members and shall be advisory only.

Section 13. Government Island Study Committee

(a) The Government Island Study Committee shall consist of seven members, one of whom shall be the Harbormaster. Each of the other members shall be appointed by the Selectmen for a three-year term, with two members appointed each year.

(b) The Government Island Study Committee shall keep the Selectmen advised of the condition of Government Island for the recreational use of Cohasset residents.

Section 14. Committee to Survey Structure and Functions of Town Government

(a) The Committee to Survey Structure and Functions of Town Government shall consist of seven members appointed for three-year terms, provided that the first two initial appointees shall serve one year, the third and fourth initial appointees shall serve two years, and the fifth, sixth, and seventh appointees shall serve three years. No member may serve more than two consecutive three-year terms.

(b) Appointments shall be made by a committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Advisory Committee.

(c) This Committee shall survey the structure of Town government and the functions of the various officers, departments, and boards, and shall report from time to time in writing at Annual or Special Town Meetings its conclusions and recommendations for action.

Section 15. Drainage Committee

(a) The Drainage Committee shall consist of three members, with one member appointed each year for a three-year term, provided that the initial terms of each appointment shall be for one, two, and three years, respectively.

(b) Appointments shall be made by a committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Advisory Committee.

(c) The Drainage Committee shall establish the overall drainage policy and shall review, evaluate, set priorities, and make recommendations to the Town on all matters relating to new drainage construction or reconstruction.

(d) The Committee may contract with consultant engineers and other specialists on behalf of the Town; the cost of such consultation shall not exceed the appropriation by the Town Meeting for that purpose.

(e) The Committee shall have no jurisdiction over the maintenance and/or repair of drainage facilities nor any authority over matters which are presently the responsibility of the Planning Board, the Conservation Commission, or the Board of Health.

Section 16. Historic District Commission

The method of appointment, term of office, and powers and duties of the Historic District Commission are set forth in Article XII of these By-laws.

ARTICLE VI
MUNICIPAL FINANCE

Section 1.

All accounts of the Town shall be audited biennially, either under the supervision of the Director of Accounts, Department of Revenue, in accordance with the provisions of Chapter 44, Section 35, of the Massachusetts General Laws, or by a person chosen by the Selectmen, in accordance with Chapter 44, Section 42, of the Massachusetts General Laws.

Section 2.

Each head of a department, board, or committee authorized to expend money shall furnish the Town Accountant at the close of the financial year a list of unpaid bills, indicating the amount due, to whom it is owed, and for what purpose. This information shall be incorporated in the Town Accountant's annual report. Authorization for payment of expenditures which have exceeded the Town's appropriation requires a 4/5 vote at an Annual Town Meeting and a 9/10 vote at a Special Town Meeting.

Section 3.

Town officers, boards and committees shall comply with Massachusetts statutes regarding solicitation of bids relating to public works projects, public buildings, and municipal contracts, including without limitation: Chapter 40, Section 4B; Chapter 30, Sections 39A through 39M; and Chapter 149, Sections 44A through 44L.

Section 4.

Any officer contracting for work for the Town at a cost in excess of \$2,000 shall require the contractor to furnish a bond to guarantee the faithful performance of the contract, in accordance with Chapter 149, Section 29, of the Massachusetts General Laws.

Section 5.

No board, committee, or officer having charge of any work for which partial payment is to be contributed by private citizens shall undertake the work until a sum estimated by the officer, board, or committee as sufficient to cover the portion of the cost chargeable to such private citizens has been deposited with the Town Treasurer-Collector.

ARTICLE VII

SAFETY AND PUBLIC ORDER

Section 1.

No person, except the Highway Surveyor or his agents in the lawful performance of their duties, shall make or cause to be made any excavation in a public street or way without first obtaining a written permit from the Selectmen. Any such excavation, and the dirt, gravel, or other material therefrom, shall be enclosed by a suitable railing and must be sufficiently lighted during hours of darkness to ensure public safety.

Section 2.

No person shall obstruct any sidewalk or street or any part thereof by placing thereon building supplies, rubbish, earth from excavations, or any other materials or equipment, without first obtaining a written permit from the Selectmen. The Selectmen may grant such a permit for no longer than ninety days and under such conditions as they may require; such a permit is renewable at the discretion of the Selectmen. Any such obstruction must be enclosed by a suitable railing and must be sufficiently lighted during hours of darkness to ensure public safety. This section shall not apply to brief periods necessary for loading or unloading merchandise.

Section 3.

Whenever the Highway Surveyor plans to reconstruct or repair any paved street or way in the Town, he shall give reasonable notice of his intention to municipal departments, to utility companies affected, and to all abutting owners. If any such parties have any work to be done in such a street or way, they shall notify the Highway Surveyor so that the work can be done before the street or way is resurfaced. After notice has been given and

adequate time allowed for the work to be done, no parties shall for the space of one year disturb the repaved surface of the street or way within the area so constructed and repaired except in case of reasonable necessity, as determined by the Selectmen.

Section 4.

Any person wishing to move a building or other object requiring a clearance of more than 20 feet in height or 15 feet in width through any public street or way in the Town shall obtain a written permit from the Selectmen, and shall be responsible for any costs to the Town incurred by the move.

Section 5.

Any person operating a vehicle from which falls any object of such size or character as to endanger public travel shall be responsible for its immediate removal.

Section 6.

The Selectmen shall have authority to establish rules and regulations for the parking of vehicles on streets or in public parking places owned and maintained by the Town. The Selectmen shall post signs informing the public of the rules and regulations and shall fix penalties for their violation.

Section 7.

No person shall cause or allow the discharge of water upon a public street or way in the Town so as to create hazardous conditions.

Section 8.

No person shall coast upon a sled or other vehicle on any of the public streets, ways, or sidewalks of the Town, unless such areas have been designated for this purpose by the Selectmen.

Section 9.

No person shall drive or ride a vehicle of any kind upon any sidewalk in the Town, provided that this shall not affect the right of any person to cross any sidewalk in entering or leaving private premises, nor shall it exclude hand-drawn vehicles, such as children's carriages, invalid chairs, or sleds.

Section 10.

No person shall play any game or throw stones or other missiles in any street or on any sidewalk.

Section 11.

No person shall permit any horse, livestock, or poultry under his care to go upon any sidewalk, graze in any public place, cause damage to property, or interfere with the safety and convenience of any person.

Section 12.

No person shall keep any dog which by biting, barking, or any other activity distrubs the peace and quiet of any neighborhood or endangers the safety of any person. No dog shall be permitted to run upon public or private property without express permission of the owner, occupant, or custodian of such property. The dog officer shall impound any dog found to be in violation of these provisions.

Section 13.

No unauthorized person shall tamper with apparatus, machinery, or equipment belonging to the fire department, or with any signal boxes, wires, poles, or other article connected with the fire alarm system, except to ring an alarm in case of fire or other emergency.

Section 14.

No person shall remain upon a sidewalk in such a manner as to obstruct the free passage of foot travelers.

Section 15.

No person shall consume an alcoholic beverage, as defined in Chapter 138 of the Massachusetts General Laws, or have in his possession any such beverage with the intention of consuming it in a public place or a place to which the public has a right of access, or on private property without the owner's consent. Alcoholic beverages being used in violation of this By-law shall be seized and safely held until final adjudication of the charge against the person arrested or summoned before a court, at which time they shall be restored to the person entitled to lawful possession. Any person convicted under this By-law shall be fined a sum not exceeding Fifty Dollars (\$50.00) for each offense.

Section 16.

No person shall stand on any public street, sidewalk, or way for the purpose of hawking or selling any article, or for singing or playing any musical instrument for remuneration, or for addressing the public for the purpose of soliciting remuneration, without first obtaining a license from the Selectmen, subject to whatever restrictions they deem necessary.

Section 19.

No person shall engage in the business of collecting or purchasing junk, scrap metals, or second-hand articles in the Town without a license from the Selectmen.

Section 20.

No person shall deal in or keep a shop for the purchase, sale, or barter of junk, scrap metal, or second-hand articles, nor shall any person use any building, enclosure, or other structure for the storage, sale, or keeping of rags, waste paper stock, or other flammable material without a license from the Selectmen.

Section 22.

No person shall dispose of rubbish, filth, or litter of any kind on any street, sidewalk, or other publicly owned area in the Town, with the exception of the Town Disposal Area.

Section 23.

No person shall affix or attach any poster, handbill, notice or advertisement by any means, including painting or drawing, upon any fence, tree, post, building, or other structure within the Town, without the express consent of the owner.

Section 25.

No person shall swim or appear in public view in the Town without wearing proper apparel.

Section 26.

No person shall leap, jump, or dive from Cunningham's Bridge on Atlantic Avenue, Mill Bridge on Border Street, or Cat Dam Bridge on Nichols Road. The Selectmen shall post signs informing the public of this restriction.

Section 27.

No person, except an officer of the law in the performance of his duties, shall enter upon the premises of another or upon any public property for the purpose of looking or peeping into the windows of a house or other building or of spying in any manner upon any person therein.

Section 28.

Hunting and the discharge of firearms, air rifles, and pellet guns are prohibited within all of that part of the Town bounded and described as follows:

Westerly:	By South Main Street;
Northerly:	By Elm Street and a portion of Cohasset Harbor;
Easterly:	By portions of Cohasset Harbor and the Gulf River;
Southerly:	By the Scituate Town line;

all of which area is delineated in red ink on a copy of the Cohasset Zoning Distric maps filed with the office of the Town Clerk. This By-law shall not apply to the lawful defense of life or property nor to any law enforcement officer acting in the discharge of his duties. This By-law shall not apply to hunting or the discharge of firearms by any person on land owned or legally occupied by such person subject to the provisions of existing laws.

Section 29.

Any person operating a vehicle used for the conveyance of persons for hire within the Town shall be licensed by the Selectmen and shall be governed by the provisions of Chapter 40, Section 22, of the Massachusetts General Laws.

Section 30.

(a) The use of the parking space off Atlantic Avenue adjacent to Sandy Beach, commonly known as “Sandy Beach Parking Lot”, shall be limited to vehicles having Sandy Beach parking permits. Such permits shall be issued to vehicle owners who are residents or summer residents of the Town, who own real estate within the Town, or who are subscribers to Sandy Beach Association. Special or temporary permits shall be issued under such terms and conditions as the Selectmen shall determine.

(b) No person shall park a vehicle in this parking area between 10 p.m. and 5 a.m.

(c) No person shall discard any glass, metal cans, rubbish, filth, or sharp objects of any kind, such as nails, upon this parking area, or commit any nuisance thereon.

(d) The Selectmen shall establish rules and regulations governing the use of this parking area, and shall post signs containing their provisions near the entrances and exits.

ARTICLE VIII

CEMETERIES

Section 1.

The Board of Selectmen shall have jurisdiction over all public cemeteries.

Section 2.

The Town will accept and forever hold in trust any money or securities which may hereafter be deposited with the Town Treasurer-Collector for the perpetual care, preservation, or improvement of any public or private burial place, or any lots or graves therein, in conformity with provisions of the Massachusetts General Laws.

Section 3.

The Treasurer-Collector is authorized to enter into agreements on behalf of the Town with the holders of burial rights in any lot in the cemeteries of the Town to provide perpetual care for such lot and the structures and grass thereon.

Section 4.

Money and securities received under the provisions of the preceding section shall not be mingled with other money or securities of the Town, but shall be kept and invested separately as a cemetery fund, and unless otherwise specifically provided for in the terms of the gift, the income only shall be used.

ARTICLE IX

HARBOR

Section 1.

In this Article, the following words shall have the meaning herein given unless a contrary intention clearly appears.

(a) "Cohasset Harbor" consists of that body of water lying inside a straight line projected across the channel from White Head Dolphin at Long's Point to White Rock and shall not include the channel extending seaward beyond that point.

(b) "Harbor Master" shall include the harbor master, assistant harbor master, and deputy harbor masters, all duly appointed by the Selectmen.

(c) "Boat" shall include every type of watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(d) "Skin Diver" shall mean swimmers using fins, masks, snorkel tubes, or self-contained underwater breathing devices.

Section 2.

(a) No person shall moor any boat within the limits of Cohasset Harbor without first obtaining a permit from the Harbor Master. A permit must be obtained for each calendar year at a fee set annually by the Selectmen. The application for such permit shall be made to the Harbor Master on a form prescribed by the Selectmen. The application shall state the name and address of the owner, the size and type of boat to be moored, the size and type of the mooring, and, if the mooring is already in the water, the location thereof, with sufficient details to enable the Harbor Master to locate it.

(b) The Harbor Master shall prepare regulations governing moorings and their hardware and pennants. Such regulations shall become effective after their approval by the Selectmen and publication in a newspaper regularly circulated in the Town, posting at the Harbor Master's office at the Town Pier, and filing with the Town Clerk. They shall be available to the public upon request.

(c) If the Harbor Master determines that a mooring applied for conforms to the regulations, he shall issue a permit and assign a location if one is available. If the Harbor Master determines that the mooring does not conform to the regulations, or if he shall for other valid reasons deem it improper to issue a mooring permit, he shall refuse to do so. The Harbor Master shall issue or deny such permit within two weeks from the date of application.

(d) Mooring permits and permits for tie-up of small boats shall be issued by the Harbor Master and a duplicate thereof filed at the office of the Selectmen.

(e) The Harbor Master shall keep accurate records and books and shall issue receipts in duplicate for mooring tie-up permits, the original of which shall be given to the applicant and the duplicate filed at the office of the Selectmen.

(f) No boat shall be made fast to a Town Landing or Pier for more than 30 minutes, except by permission of the Harbor Master. Boats anchored or moored in such a manner as to constitute a hazard to navigation or property may be moved at the owner's expense. As far as practical, the Harbor Master shall require all commercial boats to be moored in a common area.

(g) The Harbor Master shall give written notice to the owner of any mooring placed within the limits of Cohasset Harbor in violation of the foregoing provisions to remove the mooring. If, after 14 days, the owner has not complied, the Harbor Master may remove the mooring at the owner's expense.

(h) Winter mooring buoys must be removed from Cohasset Harbor and suitable floating buoys attached by May 1. If a winter mooring buoy is not removed by May 1, the Harbor Master shall give written notice to the owner. If, after 14 days, the owner has not complied, the Harbor Master shall affix a proper buoy at the owner's expense.

Section 3.

No person carrying passengers for hire shall allow them to embark or disembark at the Town Landings without permission of the Harbor Master.

Section 4.

No boat shall exceed a speed of four (4) nautical miles per hour or cause a disturbing wake within the confines of Cohasset Harbor.

Section 5.

Any person skin diving in Cohasset Harbor shall:

(a) display a diver's flag not less than twelve (12) inches square consisting of a red field and a white diagonal stripe;

(b) display such flag on a float or other similar device upright at a height sufficient to be visible to passing boats;

(c) tow such float and flag with him while he is submerged in the water, except that for commercial purposes, permission in writing may be granted by the Harbor Master to display flags in another manner;

(d) be required to operate only from a boat attended by another person.

Section 6.

No person shall operate a boat in Cohasset Harbor while towing a water skier, aqua-plane, or other similar device except in connection with a water carnival and exhibition authorized by the Selectmen, or in an area designated by the Selectmen. No person shall operate a motor-powered boat in the vicinity of swimmers at any of the beaches in Cohasset. No person shall operate a boat in Little Harbor while towing a water skier, aqua-plane, or other similar device except on even-numbered days.

Section 7.

Lobster pots, lobster cars, crab pots, and other obstacles which could cause a hazard to navigation shall not be placed in areas usually used for navigation.

Section 8.

No person shall discharge, deposit, or throw overboard into the harbor oil, refuse, or waste.

Section 9.

Small sailing classes will be allowed to race within the Cohasset Harbor area when under the jurisdiction of an authorized race committee recognized by the Harbor Master. Such small boats shall respect the maneuvering problem of larger vessels in the harbor.

Section 10.

The proper usage of Town launching ramps, including parking of trailers and motor vehicles at the approach to the ramp, shall be determined by the Harbor Master.

Persons using Town ramps for larger boats requiring cradles shall apply to the Harbor Master for a written permit. Such cradles and/or boats shall not remain on the Town ramps for more than one tide.

Section 11.

No person shall clean fish on Town floats or piers.

Section 12.

No person shall load or unload lobster pots, bait, or other gear on or from any Town landing places, floats, or piers thereof, except those designated by the Harbor Master.

Section 13.

No person shall leave ropes, pots, barrels, rocks, boards, or other objects upon any Town landing places, floats, or piers thereof for longer than is reasonably necessary to load or unload them.

Section 14.

Nothing contained herein shall be held or construed to supersede, conflict or interfere with, or limit the jurisdiction of the United States Government with respect to the enforcement of the navigation, shipping, anchorage, and associated laws of the United States, or any lawful regulation of the Division of Waterways of the Department of Public Works, or the Division of Motorboats of the Registry of Motor Vehicles, or to conflict with any of the laws of the Commonwealth of Massachusetts.

ARTICLE X

BILLBOARDS

Section 1.

No person, firm, association, or corporation shall erect, display, or maintain within the limits of the Town a billboard, sign, or other outdoor advertising device, except those exempted by Chapter 93, Section 30 and 32, of the Massachusetts General Laws, or by any additions to, or amendments of said sections.

Section 2.

(a) This Article shall not apply to signs or other devices erected and maintained in conformity with law which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertising the property itself or any part thereof as “for sale” or “to let” and which contain no other advertising matter. This Article shall not apply to billboards, signs, or other advertising devices legally maintained at the time of the approval of the Article by the Attorney General.

(b) This Article shall not apply to signs used exclusively for municipal, religious or charitable purposes.

Section 3.

Whoever violates any of the provisions of this Article shall be punished by a fine of not more than One Hundred Dollars (\$100.00) and whoever, after conviction of such violation, unlawfully maintains such billboard, sign or other outdoor advertising device for twenty (20) days thereafter shall be subject to a fine of not more than Five Hundred Dollars (\$500.00).

ARTICLE 38

(Inserted by the Board of Selectmen at the request of Cornelia L. O'Malley, Chairman of the Bylaw Study Committee.)

To see if the Town will vote to amend its Personnel Classification and Compensation Plan Bylaw by repealing it except for those provisions heretofore adopted at the 1979 annual town meeting and substituting in its place the proposed Personnel Classification and Compensation Play Bylaw which appears as Article XI in the printed booklet accompanying this Warrant and incorporated herein by reference, or act on anything relating thereto.

MOVED: That the Town amend its Personnel Classification and Compensation Plan by repealing it except for those provisions heretofore adopted at the 1979 Annual Town Meeting and substituting in its place the proposed Personnel Classification and Compensation Plan which appears as Article XI in the printed booklet accompanying this motion and incorporated herein by reference.

AMENDMENT TO MAIN MOTION UNDER ARTICLE 38

MOVED: That the proposed Personnel Classification and Compensation Plan which appears as Article XI in the printed booklet accompanying the original motion be amended by adding to Section 4 Compensation Plan after paragraph "h" on Page 49 a paragraph "i" which reads as follows:

(i) Emergency Call Out Duty.

(i) Emergency Call Out Duty

An employee will receive a minimum of three hours pay for Emergency Call Out Duty.

and be further amended by striking paragraph (a) Vacations under Section 5 on pages 49 and 50 paragraphs (i), (ii), (iii), (iv) and inserting in place thereof the following:

Section 5. Fringe Items.

(a) Vacations

(i) Annual vacations with pay will be granted in each fiscal year after the periods of continuous full-time employment set forth below:

Time Employed Prior to July 1st	Length of Vacation
Up to ten months	One day for each month
Ten months to five years	Ten working days
Five years to ten years	Fifteen working days
Ten years or more	Twenty working days

(ii) Regular part-time employees working twenty or more hours a week shall be entitled to an amount of vacation in the ratio of their weekly hours worked to the full-time hours scheduled for their department. Vacations with pay will not be granted to part-time employees working less than twenty hours per week or to temporary employees.

(iii) Vacations will be taken during the fiscal year in which they are due at a time convenient to the Department Head and the employee.

(iv) If an approved holiday listed in Section 5 (b) is observed on a working day or Sunday while the employee is on vacation, the employee will be granted either an additional day of vacation or an additional day's pay at the discretion of the department head.

ARTICLE 38 amendment voted unanimously by a voice vote.

ARTICLE 38 main motion as amended voted unanimously by a voice vote.

ADDENDUM TO WARRANT ARTICLE 38

ARTICLE XI

PERSONNEL CLASSIFICATION AND COMPENSATION PLAN

Section 1. General Provisions

(a) This article shall be known and cited as the Personnel Classification and Compensation Plan, which has been adopted pursuant to the provisions of Chapter 41, Sections 108A and 108C, of the Massachusetts General Laws, and other enabling acts.

(b) The provisions of this article shall apply to all positions in the Town except as follows:

- (i) Those filled by general election;
- (ii) Those under the control of the School Committee; and
- (iii) Those covered by collective bargaining agreements.

Section 2. Definitions

(a) A full-time employee is an employee of the Town who works 35 hours or more a week throughout the year.

(b) A part-time employee is an employee of the Town who works less than 35 hours a week throughout the year.

(c) A temporary employee is an employee of the Town who is employed for a relatively short period of time, usually for a specific job or for a specific length of time.

Section 3. Classification Plan

(a) Titles and Job Descriptions

The Personnel Committee shall maintain written descriptions of all jobs or positions in the Plan, describing the essential characteristics, requirements, and general duties of each. The descriptions shall not be interpreted as complete or limiting definitions, and employees shall continue to perform any duties assigned by their superiors.

No person shall be appointed, employed or paid as an employee in any position subject to the provisions of this By-law under any title other than that associated with the job description covering the position. The job title shall be the official title for all purposes having to do with the position and shall be used to designate the position in all payrolls, budgets, and official reports.

(b) Job Description Review

The Personnel Committee shall from time to time, not to exceed three years, review the duties of all positions subject to the Plan. The Committee, upon presentation of substantiating data, may add a new position, tentatively, to the classification schedule, or reclassify an existing position to a different pay scale group, subject to subsequent ratification of its action by formal amendment of this By-law at Town Meeting. It shall be the responsibility of the Department Head to notify the Personnel Committee if an employee's duties are substantially changed, in which case the classification shall be reviewed by the Committee.

(c) New Employees

The Personnel Committee shall be notified of all requisitions for persons to fill full-time or part-time positions or to perform duties subject to the Classification Plan and shall designate the appropriate classification to which such persons shall be assigned.

Section 4. Compensation Plan

(a) Compensation

All employees of the Town subject to this By-law shall be compensated according to the official Compensation Plan.

(b) Compensation Review

The Personnel Committee shall review the wage and salary schedules each year. It shall keep informed as to pay rates and policies outside the service of the Town and recommend to the Town any action deemed advisable to maintain fair and equitable pay levels.

(c) Step-Rate Increases

A full-time or part-time employee of the Town who has a satisfactory performance record and has served at least one year without an increase in compensation shall be eligible for an advance of one, but no more than one, step-rate increase per year (the year to be counted from the date of his latest step increase) until the maximum rate of his classification is reached, subject to the recommendation of the Department Head and the approval of the Personnel Committee. Progressions through the rate ranges are not mandatory and shall be on the basis of merit and ability as recommended by the Department Head. All adjustments shall be approved in advance of the effective date by the Personnel Committee. An employee not receiving a step-rate increase as shown in the Classification Schedule has the right of appeal to his Department Head and to the Personnel Committee.

(d) Promotions

When an employee is promoted to a higher classification, he shall enter at

the minimum of the new job rate range or at his own rate, whichever is higher. He may also receive an adjustment to conform to the nearest step rate of the new classification, and a one-step rate increase if the Department Head decides that his qualifications and performance warrant it, and the Personnel Committee approves.

(e) Hiring Rate

The starting rate shall be the minimum of the rate range of the job for which the new employee is hired unless otherwise authorized by the Personnel Committee.

(f) Rates for New Positions

The Personnel Committee shall establish the compensation schedule for any new position in accordance with Section 3(b) of this Article.

(g) Establishment of Compensation Schedules

Each classification and position within the classification shall be compensated in accordance with the schedules herein established and published. Classification changes shall take effect the July 1st following their adoption by the Town Meeting.

(h) Payments for Hours Worked Outside of Regularly Scheduled Hours

(i) Emergency Call Out Duty

An employee will receive a minimum of three hours pay for Emergency Call Out Duty.

Payment for overtime shall be in accordance with the terms of the Fair Labor Standards Act of 1938, as amended.

Section 5. Fringe Items.

(a) Vacations

(i) Annual vacations with pay will be granted in each fiscal year after the periods of continuous full-time employment set forth below:

Time Employed Prior to July 1st	Length of Vacation
Up to ten months	One day for each month
Ten months to five years	Ten working days
Five years to ten years	Fifteen working days
Ten years or more	Twenty working days

(ii) Regular part-time employees working twenty or more hours a week shall be entitled to an amount of vacation in the ratio of their weekly hours worked to the full-time hours scheduled for their department. Vacations with pay will not be granted to part-time employees working less than twenty hours per week or to temporary employees.

(iii) Vacations will be taken during the fiscal year in which they are due at a time convenient to the Department Head and the employee.

(iv) If an approved holiday listed in Section 5 (b) is observed on a working day or Sunday while the employee is on vacation, the employee will be granted either an additional day of vacation or an additional day's pay at the discretion of the department head.

(b) Paid Holidays

Full-time employees shall be paid for each of the following holidays which fall on or are observed on a regularly scheduled work day:

New Year's Day	Labor Day
Martin Luther King Day	Columbus Day
Washington's Birthday	Veterans' Day
Patriots' Day	Thanksgiving Day
Memorial Day	Christmas Day
Independence Day	

If a holiday falls on a Sunday but shall be observed on the following Monday, employees shall be paid for the day. If a holiday falls on a Saturday which is not a regularly scheduled working day, it shall not be paid for; provided that if in any year Christmas and New Year's Day fall on a Saturday, then employees shall have off the Friday preceding each holiday with pay.

Part-time employees who regularly work an average of 20 hours or more per week throughout the year are entitled to be paid for each of these holidays at one-fifth of their normal weekly pay.

Any department may be scheduled to work on any of the above specified holidays. Either equivalent time off shall be granted at a time designated by the Department Head, or the employee shall be compensated an additional day's pay.

For the purpose of this section, a holiday is deemed to commence at 12:01 a.m. and terminate at 12:00 midnight of the same day.

The holiday pay for the Police Chief is in accordance with Chapter 147, Section 17F, of the Massachusetts General Laws, and for the Fire Chief, Chapter 48, Section 57E.

(c) Sick Leave

No sick leave with pay shall be granted during the first three months of employment. After three months and up to one year of employment, any full-time employee absent because of his own sickness shall be entitled to sick leave with pay for time absent not in excess of five working days. Earned vacation may be used as sick leave if requested. After one year of

employment, the period in any year for which employees shall be paid while absent because of personal sickness shall be fifteen working days in each calendar year. For each successive year of employment, the employee shall be entitled to paid sick leave for fifteen working days, cumulative to 120 working days.

Part-time employees who regularly work an average of 20 hours or more per week throughout the year shall be entitled to sick leave as specified in the foregoing paragraph and shall be paid for each day of illness one-fifth of their normal weekly pay.

A doctor's certificate may be required to substantiate illness at the discretion of the Department Head.

When all allowable sick leave days have been used and the employee is still unable to return to work because of illness, his case will be considered by the Board of Selectmen and the Personnel Committee to determine if further benefits should be granted. Consideration shall be given to length of service, type of service, benefits of retirement plan of the Town, personal requirements, etc.

(d) Leave of Absence

Leave of absence may be granted by the appropriate Department Head, but shall be without compensation. Leave of absence of over three month's duration shall be considered a break in employment, and on return to work the employee shall have the status of a new employee, unless an extension of leave beyond three months has been authorized by the Department Head and the Personnel Committee.

This regulation is subject to the laws of the Commonwealth regarding Military Leave.

(e) Jury Duty

While on Jury Duty an employee shall receive an amount of pay equal to the difference between his normal compensation and the amount (excluding travel allowance) received from the Court.

(f) Military Training

Employees with more than three months' consecutive employment by the Town who are called for a temporary training period, usually of two or more weeks, in the military forces of the Nation or Commonwealth shall receive an amount equal to the difference between their normal compensation and the amount (excluding travel allowance) received from the Nation or Commonwealth.

(g) Bereavement Leave

Bereavement leave without loss of pay for death in the immediate family up to and including three working days may be granted by the Department Head upon request by any full-time employee. In case of hardship, the Department Head may extend the leave to include five working days.

Immediate family shall include husband, wife, daughter, daughter-in-law, son, son-in-law, mother, mother-in-law, father, father-in-law, sister, sister-in-law, brother, brother-in-law, grandfather, and grandmother.

(h) Insurance and Pension Benefits

Employees of the Town who have participated in group insurance or pension plans in the past or those now offered by the Town may continue to participate in any or all of these plans, and new employees are entitled to join in the plans as established by Federal, State, or Municipal laws. The Town will continue its payment of a portion of the premiums for these benefits on the same basis as in the past or as authorized by the Town Meeting.

(i) Personal Injury Benefits

Whenever an employee is absent from his place of employment as a result of personal injury caused by an accident, assault, or battery occurring in the course of his employment, he will be paid his full salary (less the amount of any Workmen's Compensation award made for temporary absence due to such injury) for the period of such absence, provided, however, that such difference shall be chargeable to sick leave on a fractional day basis, and further provided that the employee has unused sick days available to his credit.

(j) Grievances

Any employee having a grievance, which shall be defined for the purposes of this section to be a question, complaint, or dispute involving the meaning, application, interpretation of, or compliance with the terms and provisions of the Personnel Classification and Compensation Plan, which is not resolved to his satisfaction by the supervisor and/or Department Head, shall, within five working days of the decision of the supervisor or of his knowledge of said decision, have the right of appeal in writing to the Personnel Committee.

(k) Where the provisions of the Personnel Classification and Compensation Plan By-law conflict with provisions set forth in collective bargaining agreements, the provisions of the collective bargaining agreements shall control.

ARTICLE 39

(Inserted by the Board of Selectmen at the request of Cornelia L. O'Malley, Chairman of the Bylaw Study Committee.)

To see if the Town will vote to amend the method by which the articles and paragraphs of the Historic District Bylaw are identified by striking the existing numbering system and substituting the numbers and letters set forth in the proposed Historic District Bylaw appearing as Article XII in the printed booklet accompanying this Warrant and incorporated herein by reference, or act on anything relating thereto.

MOVED: That the Town amend the method by which the Articles and paragraphs of the Historic District Bylaw are identified by striking the existing numbering system and substituting the numbers and letters set forth in the proposed Historic District Bylaw appearing as Article XII in the printed booklet accompanying this motion and incorporated herein by reference.

ARTICLE 39 voted unanimously by a voice vote.

ADDENDUM TO WARRANT ARTICLE 39

ARTICLE XII

TOWN OF COHASSET

HISTORIC DISTRICT

Section 1. Title and Purpose of By-Law

This by-law shall be known, and may be referred to, as the "Historic District By-law". The purpose of this By-law is to establish within the Town of Cohasset an historic district which shall preserve and protect the distinctive architectural character of the Cohasset Common as a permanent legacy.

Section 2. Establishment of Cohasset Common Historic District

There is hereby established in the Town of Cohasset a district, to be known as the Cohasset Common Historic District, as shown on a plan to be filed with the Cohasset Town Clerk and the Massachusetts Historical Commission and to be recorded with the Norfolk County Registry of Deeds.

Section 3. Establishment of Historic District Commission

(a) Membership

There is hereby established the Cohasset Common Historic District Commission ("the Commission"), which shall consist of seven members appointed by the Selectmen and which shall at all times include at least four members who are residents of the Historic District itself, at least one member who is a licensed realtor, at least one member chosen from nominees submitted by the American Institute of Architects, and at least one member chosen from nominees submitted by the Cohasset Historical Society; provided, however, that with respect to the latter two organizations if no nominee is proposed to the Selectmen within thirty days of the respective organization's receipt of a request for nominees from the Selectmen, the Selectmen may proceed to appoint any architect or any member of the Cohasset Historical Society as the case may be.

(b) Alternates

There shall also be two alternate members appointed by the Selectmen, one of whom at all times shall be a resident of the Historic District.

(c) Qualifications

All members and both alternate members must be year-round residents of the Town of Cohasset.

(d) Officers

The Commission shall elect a chairman and a vice-chairman from within its number and a secretary who may be within or without its number. In the absence of the chairman, the vice-chairman shall preside at meetings.

(e) Terms

When the original members of the Commission are appointed by the Selectmen, three members and one alternate shall be appointed for a term of one year, two members and one alternate for a term of two years, and two members for a term of three years. Successors shall be appointed in the same manner as the original appointment, for terms of three years, and members (including alternate members) may be reappointed an unlimited number of times. Vacancies shall be filled in the same manner as the original appointment for the unexpired term.

(f) Vacancies

In the case of absence, inability to act or unwillingness to act because of self-interest on the part of a member of the Commission, his or her place shall be taken by an alternate member designated by the Chairman. Each member and each alternate shall continue in office after expiration of his or her term until his or her successor is duly appointed by the Selectmen and accepts such appointments in a writing received by the Town Clerk.

Section 4. General Duties, Powers and Authority of Historic District Commission

(a) The Commission shall have the duty of implementing this By-law by receiving and reviewing application in connection with the altering or constructing of any building or structure within the Historic District as hereinafter provided in this By-law.

(b) The Commission shall have the power to adopt rules and regulations for the conducting of its business and shall cause all such rules and regulations to be filed with the Town Clerk immediately following their respective adoption.

(c) The Commission shall have such other duties, powers and authority as may be delegated or assigned to it from time to time by vote of a Town Meeting.

Section 5. Definitions

(a) As used in this by-law the following words and phrases shall include the meanings indicated below:

(i) The word "altering" shall include the terms "rebuilding", "reconstructing", "restoring", "removing", and "demolishing" and the phrase "changing in exterior color".

(ii) The word "constructing" shall include the terms "building", "erecting", "installing", "enlarging" and "moving".

(iii) The word "building" shall mean a combination of materials forming a shelter for persons, animals or property.

(iv) The word "structure" shall mean a combination of materials other than a building, including but not limited to a sign, fence, wall, terrace, walk or drive-way, tennis court and swimming pool.

(v) The words "exterior architectural feature" shall mean such portion of the exterior of a building or structure as is open to view from a public street, public way or public park, including but not limited to the architectural style and general arrangement and setting thereof, the kind, color and texture of exterior building materials, the color of paint or other materials applied to exterior surface and the type and style of windows, doors, lights, signs and other appurtenant exterior fixtures.

(vi) The word "Commission" shall mean the Cohasset Common Historic District Commission acting as such.

(vii) The word "Commission" shall mean the Cohasset Common Historic District Commission acting as such.

Section 6. Certificates and Applications

(a) Certificates

Except as hereinafter provided in accordance with Section 7 and/or Section 8, no building or structure within the District shall be constructed or altered in any way that affects exterior architectural features unless the Commission shall first have issued a certificate of appropriations, a certificate of applicability, or a certificate of hardship with respect to such construction or alteration.

(b) Application

Any person who desires to obtain a certificate from the Commission shall file with the Commission an application for a certificate of appropriateness, a certificate of non-applicability, or a certificate of hardship, as the case may be, in such form as the Commission may reasonably determine, together with such plans, elevations, specifications, material and other information, including in the case of demolition or removal a statement of the proposed condition and appearance of the property thereafter, as may be reasonably deemed necessary by the Commission to enable it to make a determination on the application.

(c) Building and Demolition Permits

No building permit for construction of a building or structure or for alteration of an exterior architectural feature within the District and no demolition permit for demolition or removal of a building or structure within the District shall be issued by the Town or any department thereof until the certificate required by this section has been issued by the Commission.

(d) Criteria

In passing upon matters before it the Commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures, the Commission shall consider the appropriateness of the size and shape of the building or structure both in relation to the land area upon which the building or structure is situated and to buildings and structures in the vicinity, and the Commission may in appropriate cases impose dimensional and setback requirements in addition to those required by applicable by-law. The Commission shall not consider interior arrangements or architectural features not subject to public view.

(e) Limitation

The Commission shall not make any recommendation or requirement except for the purpose of preventing developments incongruous to the historic aspects or the architectural characteristics of the surroundings and of the District.

Section 7. Exclusions from Commission Control

(a) Initial Exclusions

The authority of the Commission shall not extend to review of any of the following categories of buildings, structures or exterior architectural features in the District:

(i) Temporary structures or signs, subject, however, to such conditions as to duration of use, location, lighting, removal and similar matters as the Commission may reasonably specify.

(ii) Storm doors and windows, screens, window air conditioners, lighting fixtures and television antennae.

(iii) Signs of not more than one square foot in area in connection with use of a residence for a customary home occupation or for professional purposes, provided only one such sign is displayed in connection with each residence and if illuminated is illuminated only indirectly and by a constant white light.

(iv) The reconstruction, substantially similar in exterior design, of a building, structure or exterior architectural feature damaged or destroyed by fire, storm or other disaster, provided that such reconstruction is begun within one year thereafter and carried forward with due diligence.

(b) Additional Exclusions

The Commission may determine from time to time after public hearing that certain additional categories of exterior architectural features, structures or signs may be constructed or altered (including colors) without review by the Commission without causing substantial derogation from the intent and purpose of this By-law

(c) Certificates of Nonapplicability

Upon request, the Commission shall issue a certificate of nonapplicability with respect to construction or alteration in any category then not subject to review by the Commission in accordance with the provisions of Section 7(a) and 7(b).

(d) Nonapplicability to Ordinary Maintenance and Related Action

Nothing in this By-law shall be construed to prevent the ordinary maintenance, repair or replacement of any exterior architectural feature within the District which does not involve a significant change in design, material, color or the outward appearance thereof, nor to prevent landscaping with plants, trees or shrubs, not construed to prevent the meeting of requirements certified by a duly authorized public officer to be necessary for public safety because of an unsafe or dangerous condition, nor construed to prevent any construction or alteration under a permit duly issued prior to the effective date of this By-law.

Section 8. Commission Procedure

(a) Meetings

Meetings of the Commission shall be held at the call of the Chairman, or, in the absence of the Chairman, the Vice-Chairman, and they shall be called at the request of two members of the Commission and in such other manner as the Commission may determine in its rules. Meetings shall also be posted at least forty-eight hours in advance.

(b) Quorums and Voting

A majority of the members of the Commission shall constitute a quorum, but the concurring vote of a majority of the members of the Commission (including alternate member or members if one or more regular members are absent or otherwise unable to act) shall be necessary to issue the certificates described above and to determine whether a public hearing is required as specified below.

(c) Initial Determinations

The Commission shall determine promptly, and in all events within fourteen days after the filing of an application for a certificate of appropriateness, a certificate of nonapplicability or a certificate of hardship, as the case may be, whether the application involves any exterior architectural feature which is subject to approval by the Commission, and if the Commission determines that such application involves any such feature which is subject to approval by the Commission, the Commission shall thereafter hold a public hearing on such application unless such hearing is dispensed with as hereinafter provided.

(d) Dispensing with Public Hearings

A public hearing on an application need not be held if (i) such hearing is waived in writing by all persons entitled to notice thereof, or (ii) if the Commission determines that the exterior architectural feature involved or its category, as the case may be, is so insubstantial in its effect on the Historic District that it may be reviewed by the Commission without public

hearing on the application, provided, however, that if the Commission dispenses with a public hearing on an application, notice of the application shall be given to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as hereinafter provided in Section 8(e) and ten days shall elapse after the mailing of such notice before the Commission may act upon such application.

(e) Public Hearings

If the Commission decides to hold a public hearing on any application, it shall fix a reasonable time for such hearing and shall give public notice of the time, place and purposes thereof at least fourteen days before said hearing in such manner as it may determine, and by mailing, postage prepaid, a copy of said notice to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most recent real estate tax list of the Board of Assessors, to the Cohasset Planning Board, to any resident of or property owner in the Town of Cohasset filing written request for notice of hearings, such request to be renewed yearly in December with the Town Clerk, and to such other persons as the Commission shall believe should receive notice.

(f) Certificates of Appropriateness

If the Commission determines that the construction or alteration for which an application for a certificate of appropriateness has been filed will be appropriate for or compatible with the preservation or protection of the Historic District, the Commission shall cause a certificate of appropriateness to be issued to the applicant. In the case of a disapproval of an application for a certificate of appropriateness the Commission shall place upon its records the reasons for such determination and shall forthwith cause a notice of its determination, accompanied by a copy of the reasons therefor as set forth in the records of the Commission, to be issued to the applicant, and the Commission may make recommendations to the applicant with respect to appropriateness of design, arrangement, texture, material and similar features. Prior to the issuance of any disapproval the Commission may notify the applicant of its proposed action accompanied by recommendations of changes in the applicant's proposal which, if made, would make the application acceptable to the Commission. If within fourteen days of the receipt of such notice the applicant files a written modification of his application in conformity with the recommended changes of the Commission, the Commission shall cause a certificate of appropriateness to be issued to the applicant.

(g) Certificates of Nonapplicability

In the case of a determination by the Commission that an application for a certificate of appropriateness or for a certificate of nonapplicability does not involve any exterior architectural feature, or involves an exterior

architectural feature which is not then subject to review by the Commission in accordance with the provisions of Section 7, the Commission shall cause a certificate of nonapplicability to be issued to the applicant.

(h) Certificates of Hardship

If the construction or alteration for which an application for a certificate of appropriateness has been filed shall be determined to be inappropriate, or in the event of an application for a certificate of hardship, the Commission shall determine whether, owing to conditions especially affecting the building or structure involved, but not affecting the Historic District generally, failure to approve an application will involve a substantial hardship, financial or otherwise, to the applicant and whether such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this By-law. If the Commission determines that owing to such conditions failure to approve an application will involve substantial hardship to the applicant and approval thereof may be made without such substantial detriment or derogation, or, in the event of failure to make a determination on an application within the time specified in Section 8(k), the Commission shall cause a certificate of hardship to be issued to the applicant.

(i) Execution of Certificates

Each certificate issued by the Commission shall be dated and signed by its Chairman, Vice-Chairman, Secretary or such other person designated by the Commission to sign such certificates on its behalf.

(j) Rules, Regulations and Permanent Records

The Commission shall keep a permanent record of its resolutions, transactions and determinations and of the vote of each member participating therein, and may adopt and amend such rules and regulations not inconsistent with the provisions of this By-law or Chapter 40C of the Massachusetts General Laws and prescribe such forms as it shall deem desirable and necessary for the regulation of its affairs and the conduct of its business. The Commission shall also file a copy of any such rules and regulations with the Town Clerk.

(k) Final Determinations

Final determinations on applications shall be made by the Commission as soon as convenient after either its original receipt of each application (if no public hearing is to be held) or after said public hearing, but in all event within sixty days after the filing of the application, or within such further time as the applicant may allow in writing, and if the Commission shall fail to make a determination within such period of time, the Commission shall thereupon issue to the applicant a certificate of hardship.

(l) Specific Criteria

The Commission may after public hearing set forth in such manner as it may determine the various designs of certain appurtenances, such as solar energy equipment and wind-activated power-generating equipment which will meet the requirements of the Historic District, and a roster of certain colors of paint and roofing materials which will meet the requirements of the Historic District, but no such determination shall limit the right of an applicant to present other designs or colors to the Commission for its approval.

Section 9. Review Procedure

Any applicant aggrieved by a determination of the Commission may, within twenty days after the filing of the notice of such determination with the Town Clerk, file a written request with the Commission for a review by a person or persons of competence and experience in such matters, designated by the Metropolitan Area Planning Council, of which Cohasset is a member. The finding of the person or persons making such review shall be filed with the Town Clerk within forty days after the request, and shall be binding on the applicant and the Commission, unless a further appeal is sought in the Superior Court as provided below.

Section 10. Appeal to Superior Court

(a) Any applicant aggrieved by a determination of the Commission or by the finding of a person or persons making a review, may, within twenty days after the filing of the notice of such determination or such finding with the Town Clerk, appeal to Norfolk Superior Court.

(b) The remedy provided by this section shall be exclusive, subject only to the appellate rights of the parties.

(c) Costs shall not be allowed against the commission unless it shall appear to the Court that the Commission acted with gross negligence, in bad faith or with malice in the matter from which the appeal was taken, and costs shall not be allowed against the party appealing from such determination of the Commission unless it shall appear to the Court that the appellant acted in bad faith or with malice in making the appeal to the Court.

Section 11. Superior Court Jurisdiction

The Norfolk Superior Court has jurisdiction to enforce the provisions of this By-law and the determinations, rulings and regulations issued pursuant thereto and may, upon the petition of the Board of Selectmen or of the Commission, restrain violations thereof; and, without limitation, such Court may order the removal of any building, structure or exterior architectural feature constructed in violation thereof, or the substantial restoration of any

building, structure or exterior architectural feature altered or demolished in violation thereof, and may issue such other orders for relief as may be equitable. Whoever violates any of the provisions of this By-law shall be punished by a fine of not less than Ten Dollars (\$10.00) nor more than Five Hundred Dollars (\$500.00). Each day during any portion of which a violation continues to exist shall constitute a separate offense.

Section 12. Severability

The provisions of this By-law shall be deemed to be severable, and if any of its provisions shall be held to be invalid or unconstitutional by any court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

To see if the Town will vote to instruct the Board of Selectmen to petition the General Court of Massachusetts to enact the following, or act on anything relating thereto.

An Act providing that members of the Police Department of the Town of Cohasset shall be exempted from the Civil Service Laws and Rules.

Section 1.

Notwithstanding any contrary provision of law, appointments to and promotions in the Police Department force of the Town of Cohasset shall not be subject to the Civil Service Laws and Rules.

Section 2.

The provisions of Section One of this Act shall not impair the Civil Service status of any member of the Police Department force of the said Town holding such status on the effective date of this Act.

Section 3.

This Act shall take effect upon its passage.

MOVED: That the Town instruct the Board of Selectmen to petition the General Court of Massachusetts to enact the following:

An Act providing that members of the Police Department of the Town of Cohasset shall be exempted from the Civil Service Laws and Rules.

Section 1.

Notwithstanding any contrary provision of law, appointments to and promotions in the Police Department force of the Town of Cohasset shall not be subject to the Civil Service Laws and Rules.

Section 2.

The provisions of Section One of this Act shall not impair the current Civil Service status of any member of the Police Department force of said Town holding such status on the effective date of this Act.

(a) The Board of Selectmen shall remain the appointing authority for both newly hired recruits and promotions within the department and may promulgate rules and regulations governing same.

(b) The appointing authority may engage the services of a professional consulting firm experienced in police recruitment matters for the purpose of providing and monitoring competitive qualifying examinations and for determining suitable physical and psychological requirements.

An acceptable alternative shall allow the appointing authority to arrange with the Department of Personnel Services to provide and score examinations for subsequent use by the Town.

(c) Sufficient notice of the time and date of examinations shall be published for at least three consecutive days in a daily paper of general circulation in the area.

(d) Test results shall be presented to the appointing authority already scored and certified. Names shall be listed with the test scores in decreasing order with the top scorer, first.

The appointing authority may in its judgment appoint any one of the three most highly rated candidates who is both physically and psychologically suited to the job.

(e) All interviews shall be conducted in accordance with Chapter 30, Section 11A of the Massachusetts General Laws (so-called "Open Meeting Law").

(f) In the event of disciplinary action by the appointing authority against any member of the department, such proceedings shall be conducted in open session subject to aforesaid Chapter 30A, Section 11A of the Massachusetts General Laws. Notice of any disciplinary action shall be mailed to the employee's last known address by registered mail.

The employee shall have the right of appeal to the Personnel Committee whose majority decision, after a public hearing, shall be final and binding upon the parties. Such intent to appeal shall be filed with the Town Clerk within 10 calendar days from mailing of notice by the Board of Selectmen.

The Moderator ordered a secret ballot on Article 44 at the request of the Board of Selectmen and the Advisory Board.

To see if the Town will accept a gift from Richard Shuebruk, Peter Shuebruk, Suzette Shuebruk Holt, and Diana Shuebruk Reinbold for the purpose of establishing a scholarship fund to be known as the Alice and Walter Shuebruk Scholarship, the terms of which scholarship are as follows:

Beneficiaries: A person graduating from Cohasset High School or its successor who, by reason of ability or talent, gives promise of making a contribution to the well-being, knowledge or enjoyment of the people of his (her) community, state or nation, and who will continue his (her) education or training at an educational institution approved by the Superintendent of Schools with the consent and approval of the School Committee.

Principal of Scholarship Fund: Approximately \$10,000.

Amount of Scholarship Stipend: The net income accumulated on the principal to the first of the month in which the beneficiary is designated, provided that the Superintendent with the consent and approval of the School Committee may determine the amount of each stipend from available net income.

If after a period of 20 years from the date of this gift the Superintendent of Schools with the consent and approval of the School Committee determines that the income is not sufficient to carry out the intent and purpose of this gift, the Superintendent with the consent and approval of the School Committee may encroach upon principal in any year, but only to the extent of 1/20th of the amount of the original principal of the gift.

Use of Stipend: The amount awarded to each beneficiary shall be used to help defray the expenses of pursuing a course of study or training at a college, school or other educational institution approved by the Superintendent.

Administration of Scholarship: The beneficiary of scholarship shall be chosen by the Superintendent with the consent and approval of the School Committee.

The name of each beneficiary, the amount of the award and the institution to be attended shall be announced at the graduating ceremonies of the Senior Class of CHS or by other appropriate means at other appropriate times.

The Town of Cohasset or the Superintendent with the consent and approval of the School Committee may prescribe rules to effectuate the scholarship and the terms herein set forth.

Investment of Principal of the fund shall be governed by the common law and statutory standards applicable to charitable trusts in Massachusetts.

The administrating officer of the fund shall have in addition to those powers generally conferred upon a trustee in the Commonwealth of Massachusetts, the following discretionary powers:

(a) To administer, invest and re-invest in any property, including real and personal property, stocks, bonds and other securities;

(b) To sell and exchange all or any part of the property held by it as trustee without order or license from any Court, and to execute any and all deeds and other instruments necessary or appropriate therefor;

(c) To determine in accordance with reasonable accounting practice what shall belong and be chargeable to income;

Or act on anything relating thereto.

MOVED: That the Town accept a gift from Richard Shuebruk, Peter Shuebruk, Suzette Shuebruk Holt, and Diana Shuebruk Reinbold for the purpose of establishing a scholarship fund to be known as the Alice and Walter Shuebruk Scholarship, the terms of which scholarship are as follows:

Beneficiaries: A person graduating from Cohasset High School or its successor who, by reason of ability or talent, gives promise of making a contribution to the well-being, knowledge or enjoyment of the people of his (her) community, state or nation, and who will continue his (her) education or training at an educational institution approved by the Superintendent of Schools with the consent and approval of the School Committee.

Principal of Scholarship Fund: Approximately \$10,000.

Amount of Scholarship Stipend: The net income accumulated on the principal to the first of the month in which the beneficiary is designated, provided that the Superintendent with the consent and approval of the School Committee may determine the amount of each stipend from available net income.

If after a period of 20 years from the date of this gift the Superintendent of Schools with the consent and approval of the School Committee determines that the income is not sufficient to carry out the intent and purpose of this gift, the Superintendent with the consent and approval of the School Committee may encroach upon principal in any year, but only to the extent of 1/20th of the amount of the original principal of the gift.

Use of Stipend: The amount awarded to each beneficiary shall be used to help defray the expenses of pursuing a course of study or training at a college, school or other educational institution approved by the Superintendent.

Administration of Scholarship: The beneficiary of scholarship shall be chosen by the Superintendent with the consent and approval of the School Committee.

The name of each beneficiary, the amount of the award and the institution to be attended shall be announced at the graduating ceremonies of the Senior Class of CHS or by other appropriate means at other appropriate times.

Coal and Wood-burning Stove Installations

Inspected and Certified	79
-------------------------------	----

This office is still in the process of inspecting and certifying the 36 multi-family residential dwellings in Town as required to comply with Building Code specifications.

State Building Code: The State Building Code Commission will be conducting continuing Seminars on Code changes, Energy Conservation and on Solar Systems which this office will be required to attend during the year.

All reported violations of the Zoning Bylaw were investigated and appropriate action taken, with two cases referred to the courts.

I would like to expecially thank Laurence Mitchell and Robert Leonard, Town Plumbing and Gas Inspectors, the Town Counsel, and Board of Selectmen, for their cooperation and assistance during the past year.

Respectfully submitted,

James A. Litchfield
Building Inspector
Zoning Officer

REPORT FROM THE BOARD OF HEALTH

In 1979 Rene Chaisson retired after 14 years of service to the Board of Health. He is sorely missed for his honesty and dedication.

Because of demands on his professional life, Dr. Stephen O'Connor also resigned. Dr. O'Connor chaired the Board through some difficult times and his parting is a loss to the Town.

The single most significant incident for the Board of Health this past year was a legal action involving Lot 24, Surrey Drive, between one property owner and an abuttor. This action involved the Board, the Town, its officers and its agent. Details are too lengthy to describe here. At the time of this writing, a decision has still yet to be rendered by the Master.

It is significant, however, to report for several reasons. It has cost the Town a considerable amount of time and money. It signals a new era, one in which abuttors attempt to use the Board of Health and Title V in order to attempt to prevent others from constructing on Lots otherwise approved by the appropriate Town Boards. (There have been several cases before the Board this year in which it was obvious that neighbors and abuttors, without foundation, attempted to prevent construction simply because they did not wish their view obstructed. This is clearly not the function of the Board of Health since it does not involve sanitary conditions, but should be taken up with other Town Boards.)

For the Board of Health, it becomes imperative to know well the legal interpretation of its rules. It must record its meetings, notes and correspondence very accurately. To prevent further legal action, the Board must have accurate working knowledge of Title V, (which it is generally agreed, is vague and legally untested in many areas). The Board must document by tape recordings and written letters, all correspondence. This will require more time, space and money than has been previously allotted to the Board.

This past year was notable also in that several newspaper reporters attended some sessions. While their reports were not always accurate, they are a most welcome addition to the Board meetings, and hopefully in the future, will be a source of accurate reporting, information and education.

Many Townspeople are still concerned, but uninformed, in regards to percolation tests, water tables, and rules regarding the keeping of horses and other animals. The Health Agent is available to assist any citizen with questions on these matters and should be consulted.

In 1977, the Commonwealth passed legislature resulting in Title V, which establishes rules for the disposal of sewerage. This, and other legislative acts concerning common sewerage and environmental protection, has removed a great deal of authority from the local Boards of Health. The Board, therefore, has started and is continuing to modify, update, and reorganize its Rules and Regulations, which project will hopefully be completed this Spring.

The present Board, and the previous Board of Health, have consistently agreed and recommended that common sewerage be extended to "The Hillside".

To function more thoroughly, the Board should have a full-time secretary and an assistant to the Health Agent, to be employed for the time-consuming job of observing percolation tests and observation holes. The fee should be increased from \$15.00 to \$50.00 to the applicant. This should easily compensate for the services for the special assistant, and would be in line with fees charged by surrounding towns.

If the above recommendations are enacted, the Health Agent should then be able to spend more time inspecting public facilities and restaurants, doing water tests, dye tests, and cultures, all of which would insure more sanitary conditions for the Town and be of greater assistance in future planning of development and common sewerage.

A fast approaching problem for the Board of Health is the limited life expectancy of the Town Sanitary Landfill operation, which is anticipated to be about four years according to engineering consultants under the guide lines imposed by laws of the the Commonwealth. Towards solving this problem, the Selectmen, have appointed a Committee to be chaired by Mr. John Ridge, to study this problem and make recommendations to the Board and the Town.

It is the responsibility of the Board of Health to maintain sanitary conditions throughout the Town. It should attempt to do this with minimum restriction of freedom being imposed on any of its individual citizens.

Respectfully submitted,

Roger A. Pompeo, M.D.
Chairman, Board of Health

SOCIAL SERVICE LEAGUE OF COHASSET, INC.

SERVICES OF THE SOCIAL SERVICE LEAGUE OF COHASSET, INC. –

I. Public Health Nursing Services

The Social Service League of Cohasset provides public health nursing services to the residents of Cohasset under contract with the Board of Health. This includes but is not limited to:

- a. Communicable disease detection and follow up.
- b. Immunization for pre-schoolers.
- c. Well-Child Conference.
- d. T. B. testing (Mantoux).
- e. Flu immunization clinics.
- f. Pre-natal and post-partum home visits.
- g. Hypertension screening.
- h. Senior Keep Well Clinics.
- i. Keep Well visits for the homebound.
- j. Case assessment and follow up.
- k. Medical information and referral.
- l. Nutrition education.

II. Home Health Services

The Social Service League of Cohasset is a certified Home Health Agency and as such provides skilled nursing, physical therapy, medical social services and home health aide services on an intermittent basis to patients in their home, under the guidance and supervision of patient's physician. These services are provided from 8-4 Monday through Friday and where medically indicated on Saturday and Sunday.

III. Family Service

Social Work services are available to any resident of Cohasset (and residents of contiguous towns on a limited basis) regardless of ability to pay. The services offered are individual and marital counseling, medical social work and resource and referral.

IV. Community Service

- a. Meals on Wheels.
- b. Senior Shuttle Bus.
- c. Y.E.S. (Youth Employment Service) program.
- d. Medical equipment loan program.

Additional funding is provided by the Consignment Shop and the Council on Aging. We are grateful for their support and also to the many volunteers who assist us in the delivery of these services.

Respectfully submitted,

Suzanne Mullett
President

REPORT TO THE BOARD OF TREE & PARK COMMISSIONERS

During this year, the Tree and Park Department continued its spring and fall tree planting program; also roadside clearing of brush and growth.

A new practice field is prepared for reseeding in the spring.

I would like to thank the men of the department and of other departments for their cooperation through the 1979 year.

Respectfully submitted,

Peter G. Laugelle
Tree & Park Superintendent

PERSONNEL

As stated in previous reports the Table of Organization of the department calls for twenty-eight officers and men. At present all positions are filled and the department is at full strength.

Unfortunately the use of sick leave has been high, a result of injuries and medical conditions requiring fairly long periods of recuperation. This has resulted in use of overtime hiring in order to maintain a safe level of manpower for responding to and handling emergency incidents.

All personnel of the department have been involved in a continuing program of in-service training in the various aspects of firefighting and first aid procedures. A program of in-service inspection of various occupancies has been conducted by personnel on the various groups and also a program of pre-fire planning of structures that would create more than the usual of problems in extinguishment and containment.

EQUIPMENT

Every length of fire hose was subjected to a hydrostatic pressure test, examined for injury, washed and dried. Repairs and replacements were made as necessary. This is essential in maintaining and prolonging the useful and dependable life of hose and preventing failure at times of emergencies.

In addition to the required regular maintenance of apparatus — lubrication, tune-ups, tires and adjustments, etc. It was necessary to do work on the electrical systems, brake systems, fire pumps and the sheet metal of some of the units. The greater part of this work was done by the department mechanic and other department personnel. It should be kept in mind that the age of the apparatus ranges in age from 1973 - the newest, to 1950 - the oldest. As apparatus becomes older the availability of replacement parts becomes more difficult.

RECOMMENDATIONS

I respectfully make the following recommendation for your consideration and support:

The construction of a modern, more spacious and safe structure to house the personnel and apparatus presently quartered at the North Cohasset and Beech-

wood Fire Stations. Consolidation of these men and the apparatus into a more centralized location and into a modern better equipped facility would result in better utilization of manpower and equipment.

CONCLUSION

In closing I would like to express my sincere thanks and appreciation to all of the Officers and Men of the department for their cooperation, and their enthusiasm and dedication to duty.

To the Board of Selectmen, all other town departments and boards, my thanks for their support, cooperation and guidance.

Respectfully submitted,

Charles Piepenbrink
Chief of Fire Department
and Forest Fire Warden

REPORT OF THE SEALER OF WEIGHTS & MEASURES

To the Honorable Board of Selectmen:

I hereby submit my annual report.

The various weighing and measuring devices in the Town of Cohasset have been carefully tested. One hundred thirty-five were sealed, two adjusted, one not sealed and two were condemned.

The amount of \$280.00 sealing fees and \$2.00 adjustment fees were collected and paid to the treasurer.

Retail stores were checked for Unit pricing.

Retail fuel delivery trucks were checked. The Town does not own testing equipment for these tanks. They are tested and sealed in another Town.

Any citizen who has a complaint regarding short weights or measures, please call the Sealer.

It is not legal to sell firewood by the truckful or load. It must be sold by the cubic foot or cubic meter. 128 cubic feet equals 1 cord.

Respectfully submitted,

Lot E. Bates
Sealer of Weights & Measures

REPORT OF THE COHASSET WIRE DEPARTMENT

I herewith submit the Annual Report of the Wire Department for the year 1979.

FIRE AND TRAFFIC SIGNALS

Some fifteen thousand feet of fire alarm wire were installed this past year on Nichols Road, Jerusalem Road, Beechwood Street, and Cushing Highway, replacing wire that has been a problem in the past. One new fire box was added to the system. All traffic lights were painted and put in good working condition.

WIRE INSPECTION

All work done by electrical contractors was inspected by the Department; fees turned into the Town Treasurer.

TOWN BUILDINGS

All electrical work and repairs were done by the Wire Department and buildings owned by the Town.

I wish to thank the Board of Selectmen for their cooperation with the Department, and the men who worked with me in this, another very busy year; a job well done.

Respectfully submitted,

Stephen F. Wigmore
Superintendent of Wire Department

REPORT OF THE HIGHWAY SURVEYOR

To the Honorable Board of Selectmen and Cohasset Citizens:

I hereby submit my Annual Report.

In May, our department completed the installation of new drainage on Doane Street. This was accomplished with funds appropriated by Article 38, voted at the 1978 Annual Town Meeting. This phase completes the revised drainage project on Doane Street.

With funds appropriated by Article 25 at the 1979 Town Meeting, we installed new drainage on Pleasant Street. This included two new catch basins and 400 feet of pipe and a concrete headwall. In all, our department installed fourteen (14) new catch basins and over 1,000 feet of new drainage pipes in various sections of town.

With money appropriated at the Special Town Meeting last Fall, we resurfaced, in cooperation with the Town of Hingham, a 700 foot section of Hull Street. With funds remaining from a Chapter 90 appropriation, an 1800 foot section of Forest Avenue was resurfaced. We also resurfaced, with Type I bituminous concrete, over 5,100 feet of roadway, including sections of Pond Street, So. Main Street, Beechwood Street and Norman Todd Road. We also resurfaced over 5100 feet of sidewalks on Ripley Road, No. Main Street, So. Main Street, Border Street and Red Gate Lane.

We resurfaced, with mix-in-place, sections of Jerusalem Road and Black Rock Road, totaling over 4000 feet. Our department also used 6000 gallons of MC800 hot oil for surface treatment on various roadways in town. This is a continuing program, and very valuable because it helps to preserve the present pavement.

Most all brooks and streams were cleaned, using mostly temporary summer help. Fences were repaired, and, where necessary, replaced. Street signs were repainted, and damaged or missing signs replaced. All streets and roadways were swept several times during the year.

At this time, I would like to thank the men of my department and other town departments for their continuing cooperation. I would like to especially thank the members of the Advisory Board for their affirmative vote in appropriating funds for the new truck and sander for our department. They are very valuable additions to our equipment.

Respectfully submitted,

Harold W. Litchfield
Highway Surveyor

REPORT OF THE HARBORMASTER

The department feels there was much accomplished in the year of 1979.

1. The addition of five new floats and two new runways at a cost of \$23,000, totally funded by the Federal Government as damage caused by the February 6, 1978 storm.
2. The final phases of guniting all the Town owned walls around the perimeter of the Harbor, partially funded by the Government.
3. Maintenance dredging in front of Government Island floats which was badly needed.
4. Replacement of seven mercury vapor flood lights with sodium lights which resulted in a savings of approximately \$10.00 per month in utility charges. Also, a 400 watt light and pole was installed in the area of the Sailing Club which had been a trouble spot for vandalism and theft in the past.
5. The rebuilding of the breakwater on Bassings Beach at a cost of \$241,000, totally funded by the Federal Government. The Department made extreme efforts to have the wall elevated from 12' to 14' and extended 150', but the Government would replace only what was in existence prior to the storm.
6. Receipt of a grant of \$17,000 from the Coastal Zone Management in conjunction with a \$5,000 appropriation by the Town for updated study and long-range plans for the Harbor and its facilities to be used as a guide line in years to come. This study is now in progress and hopefully will be completed by this year's Annual Town Meeting.
7. This will be the first year that all Commercial Boats using the Yacht Club Basin for a winter mooring berth will be stationed on their own moorings. This gives the fishermen easier access to the channel when the Harbor is frozen over.
8. A project forthcoming is the rebuilding of the breakwater between the Bellamine property and the first dolphin. This project has been made possible through the cooperation of the Archdiocese of Boston and will be totally funded by the State and Federal Governments thanks to the extensive efforts of Arthur Clark, Chairman of the Board of Selectmen. This work should be completed by the end of 1980.
9. An increase of 16% was noted in vandalism and theft during this past year. I'm taking the necessary steps to see if this can be brought under control. I will be requesting a more efficient boat to be used for Night Patrol. I am attempting to establish the right to confer the powers of Assistant

Harbormaster upon the person assigned to Night Patrol during his working hours, and am hoping to be able to attract better qualified personnel for this position.

10. There was too much time spent in court enforcing waiting list and mooring procedures at a substantial cost to the Town. All cases were found in favor of the Town. It is the responsibility of each boat owner as well as potential boat owners to familiarize themselves with the regulations pertaining to the Harbor in order to avoid unnecessary infractions of the laws.

My personal thanks and appreciation to the Harbor Department personnel. Thanks also to the Highway, Tree and Park, Water and Wire Departments for their willing assistance at any time called upon, leaving me once again most appreciative of the good inter-department cooperation I have always experienced.

Respectfully submitted,

Harry H. Ritter, Harbormaster

REPORT OF THE GOVERNMENT ISLAND COMMITTEE

1979 was a busy year at the Island. The damage from the storm of 1978 was repaired; the sea wall from the Sailing Club to the Fishermen's Wharf was gunited. The new Sailing Club building was constructed and its sanitary facilities were built at the upper parking lot level. The shed on the water side of the old oil house was removed and the building is being reroofed. The former sailing club classroom building is in the process of being removed. Beautification of the grounds will start with the fair weather of springtime. Work is now in progress on the old storage house on the hill. It is expected that this will have to be extended over several years when funds permit.

The Committee wishes to express its gratitude to the anonymous donor who made the new Sailing Club possible.

Respectfully submitted,

Edwin A. Young
Chairman

ANNUAL REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT FOR 1979

Submitted, herewith, is a report of the South Shore Mosquito Control Project in 1979.

The Project is a year round operation of ten adjoining communities cooperating in a joint effort to reduce mosquitoes. The Project includes the City of Quincy and the nine towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth. These communities cover an area of 170 square miles with a population of approximately 250,000 inhabitants.

The Project was established in 1953 under a Massachusetts General Law, Chapter 252. The Project communities are in a voluntary membership. The Project's policy is set by a board of commissioners, administered by a superintendent. This policy, administration and operation are overseen by the State Reclamation Board.

The report covers the period from November 1, 1978 to October 31, 1979, beginning in late fall when project crews were busy cleaning silt, sand and growth from obstructed ditches and creeks of the marshlands.

WINTER — The fair, cool and open winter weather did favor the Project in allowing outside activities. Water management projects were performed throughout the winter months on both salt marshes and inland swamps.

Walking surveys were conducted along all salt marsh ditches, creeks and estuaries. Where necessary, all blocks and obstructions were removed to increase drainage of storm waters and to improve tidal flushing action.

The clearing of obstruction in brooks and streams in the upland wet areas was done. Clearing of brush and growth in many wet areas was necessary for the purpose of access.

During the inclement days, the overhauling and maintenance of all spray equipment was performed in preparation for the mosquito season.

SPRING — The early weather of March was cool and fair allowing continuation of water management projects. Warm weather followed the latter part of the month initiating the checking of woodland pools to determine the presence of mosquito larvae. The areas found breeding were plotted on topographic maps prior to spring aerial larvaciding.

The warm weather of the early spring continued into the months of April and mid May, advancing the development of the spring mosquitoes by three weeks.

The Project commenced the annual aerial larvaciding program, completing this by mid May.

After completing the spring larvaciding, an unusually heavy rain period occurred, reflooding many breeding areas and creating a second emergence of spring mosquitoes.

SUMMER — June was a wet month as was July and August, through mid September. Flash flooding during some rain storms caused many mosquito breeding sites that had been dry for years to hatch out large broods of reflood mosquitoes.

Having received request calls for spray services one month earlier than usual and continuing with no let up through mid September when a cool period slowed up mosquitoes, the Project had one of it's busiest seasons in recent years.

The Project participates annually in a spray program to control the Green-head Flies and the Midge Flies around the coastal marshes. The season's weather being wet and humid gave less of a problem with these insects as in other years.

FALL — September's cool weather preceded the wet and cool weather of October. On the fair days during the fall period, personnel returned to water management projects, draining off many breeding areas that had given problems during the previous season.

On the foul weather days of this period, all spray equipment was steam cleaned, flushed out, winterized and stored for next season.

STATISTICS:

Mosquito larvaciding, checked 2,445 acres by dipping water samples, treated 495 acres for control of larvae, expending 950 man hours.

Aerial larvaciding with use of both helicopter and fixed wing aircraft, treated 9620 acres, expending 262 man hours.

Mosquito adultciding, treated 18,200 acres with mobile powered and back pack equipment, expending 2349 man hours.

Mosquito larvaciding and adultciding with mobile powered and back pack equipment, treated 5229 storm catch basins and roadside ditches and approximately 2000 coastal rock pools, expending 236 gallons of insecticide and 180 man hours.

WATER MANAGEMENT:

Made walking surveys of 22,050 feet of drainage ditches, creeks, brooks and streams to determine what might be done to increase flow of stagnant water and reduce potential mosquito breeding.

To flush or drain off stagnant water, 160 feet of new ditch was constructed on tidal waterways.

To maintain ditch work previously constructed, 88,920 feet of marsh ditching was reclaimed.

To maintain the flow of water at it's maximum, 111,900 feet of brooks, streams and ditches were cleaned of silt, sand, shale, growth and other obstructions blocking or impeding water flow.

The brushing (cutting) and clearing of 26,500 feet of growth was done. The main purpose for this was for access of personnel and equipment to accomplish water management projects or to check and spray mosquito larvae.

In water management, 2995 man hours were expended.

The maintenance of all equipment and the garage area is required by all personnel. This includes the preventive as well as breakdown maintenance of all spray equipment, vehicles, tractors and garage property, the cleaning and storing of all equipment and chemical materials and the setting up preparation for all operations. 1845 man hours were expended on Project maintenance.

Vacation time — The average time in service of Project personnel is 20 years, most having the maximum vacation time allowed. 680 man hours were expended on Project's vacations.

Sick days are accumulative at 12 days per year. 358 man hours were expended on Project's sick time.

Most all holidays are paid by the Project. 520 man hours were expended on holidays.

The Project received 2615 request calls for spray service during the year. Of these, approximately 2575 were answered out, attending to the mosquito problems in one manner or another.

Along with regular mosquito duties, the Project conducts three separate town greenhead fly control programs, treating 7400 acres of the fly infestation areas. Also, two separate brackish water ponds were treated for the control of the midge fly. A total of 120 man hours was expended on these control programs.

Eight commission board meetings were held, totaling 110 man hours.

The insecticides used by the Project were three:

1. Abate 4E for mosquito larvaciding at the applied rate of .03 of a pound actual to the acre.

2. Fenthion 4E for mosquito larvaciding in storm catch basins at applied rate of .002 of a pound to a basin.

3. Malathion 57 E.G. for mosquito aduiciding at applied rates of .05 to .20 of a pound to the acre.

This past year all Project's field personnel were certified by the Commonwealth of Massachusetts, Department of Food and Agriculture, as pesticide applicators in category #47 Mosquito and Biting Fly Control.

The Project wishes to thank and extend its appreciation for all services and assistance extended to it from the commissioners, officials and people of the communities in which it serves.

REPORT OF THE COHASSET CONSERVATION COMMISSION – 1979

The Conservation Commission serves the town in a regulatory and advisory way. It is the only official town agency with the specific duty of protecting our natural resources.

The Commission spends a major portion of its time administering the Wetland Protection Act. The Act protects every wetland by regulating the ways it may be altered. Many hearings were held during the year on applications under the Wetlands Protection Act, Chapter 131, Sec. 40.

In July, John Hubbard resigned as Chairman remaining on the Commission as a member. We wish to extend him our thanks for the contribution he has made to the work of the Commission. Patricia Buckley was elected Chairman.

During the closing weeks of the year the Commission gave its preliminary approval on the transfer of the Jones property to the town for a wastewater treatment plant site.

REPORT OF THE TRUSTEES OF THE COHASSET FREE PUBLIC LIBRARY

1979 was the 100th year of the Cohasset Library. A 100th birthday party in June, given by the Friends of the Cohasset Library, and completion of the library renovation, commemorated this anniversary.

The final project of the renovation was installation of a group of directional signs, gift of the Friends, designed to help library users locate materials. A large floor plan, visible from the rotunda, gives users a guide to the building. Both signs and floor plan respond to trustee and staff concern that Cohasset's library be a place that is easy and comfortable to use.

1979 was also a year in which projects deferred during the renovation could be considered.

Among these was disposition of an Audubon copper plate and two sets of Audubon books, valuable art objects which the trustees believed inappropriate to keep in the Cohasset Library. In accordance with town bylaws, the trustees recommended, and the Board of Selectmen authorized, sale at public auction. At the November auction of Sotheby Parke Bernet, Inc. in New York City, the copper plate was sold for \$34,000 to the Stark Museum of Art in Orange, Texas, which specializes in Western American art, including Audubon materials. The two sets of Audubon books sold for \$10,250. The proceeds of the auction were turned over to the town treasurer.

A long-range landscape plan for the library was approved by the trustees during the year. The Cohasset Garden Club has very generously decided to implement this plan for the town in the spring of 1980.

The trustees continue to take great pride in Cohasset's wonderful library staff, ably headed by Richard E. Hayes. Their devotion to serving library users is one of the library's most important assets.

The Friends of the Cohasset Library, Inc., under Presidents Donna McGee and Pat Gwinn, continued in 1979 its exceptional standard of service to the library. Their annual book sale, many gifts, varied adult and children's programs, and thousands of hours of volunteer time put us all in their debt.

Respectfully submitted,

Sheila S. Evans
Chairman, Library Trustees

Correction to the 1978 Annual Town Report, page 238: total loans – 95,247.

Loans of adult nonfiction went up 16%, and loans of periodicals went up 7%, over 1978.

The library was open for business 337 days in 1979, and average number of loans per day was 291.

Of all new books purchased during the year, 28% of adult books and 47% of children's books were added or replacement copies of titles previously owned.

Of all new books purchased, 23% were paperbacks.

PERSONNEL (January, 1980)

Fulltime: Richard E. Hayes, Chief Librarian; Evelyn B. Wood, Susan M. Watrous, Librarians. Part-time: Marilyn T. Pope, Jo Ann Mitchell, Librarians; Susan M. Pope, Paraprofessional; Nancy Knight, Helene B. Drummond, Barbara C. Burnham, Clerks; Robert Pattison, Custodian; Heidi Brown, Nancy Cone, Michael Kearney, Jennifer Sharpe, Pages.

NEW REGISTRATIONS IN 1979

Adult, 459; Children, 167; Total, 626. New registrations represent about 8% of the total town population. Approximately 75% of households in Cohasset have one or more registered library users.

INTERLIBRARY LOANS

To meet the needs of users, the library requested books, records, photocopies of information from cooperating libraries of the Regional Library System; 498 requests were filled, 92 were not available. The filled requests are 34% higher than in 1978. Even though these interlibrary loans equal only one-half percent of total loans, they represent more effort than a typical loan off the shelf, and demonstrate the commitment of the library to provide full access to available resources.

CHILDREN'S SERVICES AND COOPERATION WITH SCHOOLS

Children's film and story hour programs at the library: 64. Film and story telling programs at schools, by library staff: 23. Class visits to the library for orientation: 11.

Public library staff cooperated with school staff in preparing booklists for assignments; preparing and delivering 60 requests totaling 604 books to classrooms and school libraries; advice in materials selection; library instruction for students.

We would like to thank the school department for lending a film projector for public library film programs, and for publicizing public library activities to children and parents.

The children's librarians have organized a successful program of junior volunteers this year. Twenty-two children completed training sessions and volunteered 711 hours to put away materials, clean up the children's room, and help in other ways.

Eight adults participated in story-telling training sessions, and gave 40 hours of service in pre-school story hours.

FRIENDS OF THE COHASSET LIBRARY

The support of this 250 member organization is vital to the well-being of the library. The Board of Directors consists of thirteen hard-working members, who meet monthly to plan and carry out programs of service to the town. Among those activities in 1979: sponsored a program by the New England Theater Guild for Children; sponsored a lecture on the China Trade by Ellen Woolf; sponsored the annual used book sale; awarded paperback books to children in the summer reading program; gave library tee-shirts to the junior volunteers; received donations to a library book fund; gave Christmas wreaths for the library; gave the library passes to the New England Aquarium, the Museum of Science and the Museum of Fine Arts; gave the library a new clock face; and gave the library new signs.

Under the leadership of Shirley Marten, 26 volunteers work in the library on a regular schedule. In 1979, they gave 2,516 hours, more than 48 hours a week. Four other volunteers select and deliver books to two nursing homes. This year

they made 44 visits, delivered 941 books.

MEMORIAL BOOK GIFTS

During the year, the library received the following gifts of memorial books:

In memory of Barbara Pfaffmann, and Cornelia White, from the Community Garden Club;

In memory of Mrs. Richardson White, from the League of Women Voters, Cohasset;

In memory of Jennifer Baird, from the William E. Baird family, and from Girl Scout Troop 113;

In memory of Mrs. Richardson White, from Parker F. Schofield;

In memory of Eve Boden Patterson, and Mrs. Eliot Hubbard, Jr., from the Cohasset Garden Club;

In memory of Ralph G. Farrell, and Elliot P. Thayer, from the library staff;

In memory of Eve Boden Patterson, from James R. Patterson;

In memory of G. H. & Elizabeth Howkins, from Agnes D. Howkins.

Gifts of memorial books are welcome. They bring pleasure and knowledge to many people for a number of years. Anyone wishing to give a memorial book is invited to discuss an appropriate choice with the librarian.

WHITE HOUSE CONFERENCE ON LIBRARIES AND INFORMATION SCIENCE

Cohasset had the honor to have its own John Benbow selected as one of thirteen delegates from Massachusetts to attend this conference in Washington, D.C. Preceding it was the Massachusetts Conference, to which Mr. Benbow and another Cohasset resident, Mrs. Joseph Gwinn, were chosen delegates. The U.S. Congress, following years of planning, appropriated five million dollars to sponsor fifty state conferences and the national conference in order to obtain direction from citizens on important issues of library and information development. In February, 1980, Mr. Benbow will report at an open forum on the work of the White House Conference and his views of the future role of the public library. Members of the public and library officials and friends from several South Shore towns will be invited to attend and participate in this discussion.

REPORT OF THE RECREATION DIRECTOR

Having completed our third year of full-time operation, I am pleased to report to the citizens of Cohasset, that there continues a steady increase in the number of our programs, activities, events, and services designed for all aged residents. Also, and perhaps most important, there is a steady increase in the numbers of individuals participating in Recreation Department sponsored programs and services.

Each year we add new programs to the former matrix, while, at the same time, evaluating and updating existing programs and activities. Recreational demands frequently change, in order to afford the best possible services to residents, we too must remain dynamic, responsive, and flexible in our programming. In our continuing effort to accomplish this we invite feed-back and comments from all residents. Our office is located on the 1st floor of the Town Hall, and our door remains open.

During the past two years program statistical data has been reported on a calendar year basis of November to October, while fiscal data was reported from July 1, to June 30, the fiscal year. Program statistics were so reported, as November 1976, was our base — the beginning of the Recreation Department. Beginning this year, program data will be reported, as is fiscal data, from July 1, to June 30 of each year — hence, this year's figures analyzed comparatively with last year's, will indicate a slight drop-off in participants during the past year. This, however, is a misrepresentation due to the change in reporting times. The 1980 report will reflect the deficit of this year, henceforth reports will be truly representative.

Most recreation programs require a minimal registration fee ranging from \$4.00-\$15.00. Also, a 50% reduction of fee is granted to second or subsequent children from the same family, registering, in a children's, non-self-supporting program, at the same time, for the same program. Feedback has indicated that the majority concerned is happy with this policy.

During the Fiscal Year 1979, the Recreation Department generated \$5,377.00 via program registration fees. In addition, another \$2,583.15 was transacted through the Revolving Account Fund established by the State Legislature, and adopted at Town Meeting 1978 by the Town of Cohasset. The Revolving Account Fund is used for programs of special instruction or activity, that may have a relatively few individuals, therefore the programs involved, such as ski lessons, music circus performances, etc., become 100% participant paid and self supporting.

During the Fiscal Year 1979, July 1, 1978 to June 30, 1979, 6,828 individuals participated in Recreation Department programs, events, and activities. Programs ranged from pre-school aged through adult activities. Approximately thirty (30) individual programs were offered during that period.

Both the Youth Soccer and Youth Street Hockey programs remain popular and more children are enrolling than previous years. The Summer Playground Program's format has changed during the past two (2) seasons and now is operating much like a day camp in regard to structure, content, and format.

This past summer an additional 1/2 day program, for 4 and 5 year olds, supplemented the regular, 6-12 year old, full-day program. Attendance and participation was higher than anticipated indicating a need for activities within that age group. The program, due to its obvious success, will be continued.

Many recreation programs are offered strictly for fun, while others are essentially for teaching of new skills. We are trying to offer both types of programs, in as many different types of activities as possible. The tendency seems to be about 50-50; fun vs. instruction and both remain popular.

Many events also remain popular. Band concerts and the summer, Thursday evening, movie series both have remained well attended by all aged residents. We plan to continue both of these summer events. Band concerts usually are conducted on alternate Tuesday evenings, on the Town Common, at 7:30 P.M. Schedules are available by June 1st of each year. Movies are shown in the Town Hall Auditorium each Thursday evening, 7:30 P.M., during the months of July and August. Again, schedules are available by June 1st. Both programs are offered free of charge. The movie series is co-sponsored by the Paul Pratt Memorial Library and the Recreation Department.

Much work has been accomplished at the Elms Meadow Skating area, off Cushing Road and Spring Street during the past year. The area was graded after additional fill was brought in. Embankments have been graded and seeded, grass now grows helping to control erosion as well as offering an ascetic effect. New lights and poles have been added offering much more night visibility for skaters. Remaining portions of the project will be attempted during the spring of 1980. Many Town Boards, Departments, and numerous individuals should be thanked for the donation of their time and effort in regard to the project.

During the past year we have tried to increase our public and press relations by submitting articles on the importance of recreation. One of our primary goals is to educate the public on the importance and need for recreational outlets for all members of our society — not just the young.

As an added, no charge — no cost service, a job opportunity program for Cohasset youth was instituted during the past year. To date over 30 youths have been placed on a variety of part-time, continuous and non-continuous jobs within the community. The program is on-going and residents who require help of any type, whether it be babysitting or yard work, are urged to call the Recreation Department Office at 383-6791 to inquire about a referral or placement.

Many thanks should go to numerous Town Boards, and Departments as well as a host of individuals for their continuing help and service which we cannot always reciprocate. Also, gratitude should be recognized for the members of

the Cohasset Recreation Commission for their continuing donation of time and work. Current members are: Richard P. Barrow, Chairman; Nancy E. Sladen, Vice-Chairman; Alna L. Ekberg, Secretary; Richard D. Ainslie, Eugene K. Price, Ernest J. Sullivan, and Hamilton T. Tewksbury, members.

REPORT OF THE COHASSET HOUSING AUTHORITY

The sixty-four apartment community for the Elderly and Handicapped had 5 tenant changes in 1979. In total there have been 20 tenant changes since the complex opened in January 1975.

During the year the Board regretfully accepted the resignation of Mr. Alfred Odermatt who had served as Executive Director since the opening of the community. Mrs. Barbara Clain was appointed as the new Executive Director. Mr. Dominic Emanuello continued to serve as Maintenance Man.

Mr. Conrad Ericsson, Chairman, also retired upon completion of the two-year term to which he was elected. Mr. Lloyd W. Prescott was elected to fill this vacancy. Mr. George W. Benedict, III was elected Chairman.

The Board expresses its thanks to all of the many Town Organizations and individuals who have helped the community in many ways during the year.

Respectfully submitted,

REPORT ON COUNCIL ON AGING

Open meetings of the Council are held every second Tuesday of the month at 10:00 A.M. at the First Parish House. The nine volunteer member board meets to discuss plans for the welfare of this very important segment of the town's population — the elderly.

The following programs and activities are made possible through the efforts of the Social Service League, the Housing Authority, the Council and over two hundred willing dedicated volunteers.

HEALTH CARE: See report of the Board of Health Services provided by the Social Service League.

HOUSING: See report of the Cohasset Housing Authority.

INFORMATION: A Council sponsored monthly publication, the VISTA, is mailed to over 300 homes each month. To receive this news of upcoming social, educational and recreational activities, call 383-1100 weekday mornings.

NUTRITION: The popular Meals on Wheels program, serving approximately 5000 meals per year is supervised by volunteers from the Social Service League. Six days a week meals are delivered to the homes of the elderly who need assistance in the preparation of food. Special diets can be arranged when necessary. There is a nominal fee of \$1.25 per meal, but additional financial aid can be arranged with the Council when necessary. The actual cost of the meals prepared by the Red Lion Inn is \$2.00, with the Council paying the difference. In addition, social lunches prepared by the High School are served every Tuesday during the school sessions at the First Parish House at 12:30 P.M. Over 30 volunteers from members of St. Anthony's, St. Stephen's, Second Parish Congregational and the First Parish Churches serve over the 1300 meals. A charge of \$.75 is made. Usually a short film is shown after the luncheon. Those interested should call 383-1100 by Monday noon.

TRANSPORTATION: The Senior Shuttle Bus is a familiar sight around town. Driven by over 40 volunteers, approximately 100 trips are made each week, Monday through Friday. On Sundays the Church bus is driven by another group of over 9 volunteers. For further information on the bus schedules consult the VISTA or call 383-0821.

RECREATION: The Council sponsors one bus trip a year. Consult the VISTA. The Council works closely with the 60 Plus Club and the varied activities of the over 300 membership. The Club meets on the third Thursday of the month at the First Parish House.

Along with 10 other South Shore Communities, Cohasset is a participant in the South Shore Home Care Services, Inc. This home care corporation is under the aegis of the Department of Elder Affairs and is concerned with all aspects of care for the elderly. Headquartered at 140 South Main Street, the Director is Ms. Eileen Kirby.

REPORT OF THE BOARD OF SEWER COMMISSIONERS

The Board of Sewer Commissioners would like to report a continuation of steady progress from our last annual report, which resulted in a location of a Wastewater Treatment Facility. This was accomplished on the third attempt, on February 14, 1980, Special Town Meeting. The Sewer Commissioners have a great deal of gratitude to all in presenting their views to them, and specific appreciation to the Citizens Advisory Committee.

The present Board of Sewer Commissioners introduced a solution to our environmental problems in an orderly manner, so that the Town could make a sensible determination. We will continue to move in an orderly manner, so that the next Board of Sewer Commissioners will have a smooth transition and will not encounter any difficulty in meeting the deadlines established in the consent agreement, which was voted on at Special Town Meeting, February 14, 1980.

The Board would like to thank all the townspeople who have shown any interest and offered assistance, to the Board of Selectmen, Town Officials, Committees, Boards and Department Heads for their cooperation, and to the part-time Superintendent and clerk and the plant operators for their efforts in making the Sewer Department function.

REPORT OF THE TOWN ARCHIVIST

This year has been one of continued activity on the project to organize and preserve Cohasset's Town Records. The new fireproof vault facility located at the High School, authorized under Article 20 of the 1977 Town Meeting, has been fully utilized to store the Historic and modern records required by law to be kept permanently. Fluorescent lighting has been installed in the vault, and a wire screen enclosure constructed around its entrance for additional security, and a locked steel cabinet within the vault provides extra protection for old and Historically valuable Record Books and Documents.

Both old and new Town Records are being organized using accepted Archives methods. A numbering system has been introduced to facilitate the accurate grouping of records of the various Town Offices and Departments, and for ease of information retrieval. A comprehensive inventory of the Town's older Record Books has been made. Documents and papers of historic value are being placed in plastic folders and acid-free envelopes for their continued protection. An index card file of the Historic and modern documents has been made. This file includes Office, Department, Board and Committee Records as they become available, and is designed to serve as a reference file for general use. Additionally, the Town's Historic Record Books are being Indexed, starting with the oldest records of 1636. Storage of various types of temporary records is being re-organized and unneeded temporary records are being disposed of, following the procedures required by the Commonwealth of Massachusetts.

I would like to express appreciation to the Board of Selectmen and members of the Cohasset Historical Commission who have sponsored the Archive project, and to the many people who have assisted.

Respectfully submitted,

David Wadsworth
Town Archivist

REPORT OF THE COHASSET HISTORIC COMMISSION

TOWN CLOCK: The four dials of the town clock have been repainted and the numbers, number bits and the hands will be replaced shortly. The hands will be of 3/8" aluminum and gold leafed. The numbers and number bits will be of 1/8" brass and gold leafed. Through careful planning we will have a more durable job using metal rather than the previously used wooden materials. The cost factor will be the same and the job should last indefinitely.

ARCHIVES: David Wadsworth who is working under a CETA grant has made substantial progress with the town archives. He has located, catalogued and filed a large amount of valuable Cohasset records. We are indeed fortunate to have David do this necessary job in such a diligent, conscientious and professional way. The bulk of the work should be finished this fall.

LIGHTHOUSE KEEPER'S OFFICE: We requested money from the town to have the South Shore Vo-Tech School do needed repairs to the Lighthouse Keeper's Office on Government Island. Some of the work has been completed and the remaining repairs should be initiated for the longevity of the building.

INVENTORY: The inventory of the historic assets of the town of Cohasset is completed. This job has taken five years of hard work and we are pleased with the results. With the researched information we hope to have the Bellarmine House, the Gropius House, the Cohasset Common and the Government Island Complex including Minots Light placed on the National Registry of Historic Places in America.

NOTE: Anyone reading this report who would care to become involved with the Historic Commission is most welcome, and of course the public is encouraged to attend our meeting held the second Monday of each month.

ANNUAL REPORT OF THE COHASSET PLANNING BOARD

This past year has been a particularly busy one for the Planning Board. There has been an increase in building and development in the Town requiring the Board to review a number of sub-divisions, sub-division approvals not required, and business developments. There is every indication that there will be even more development in the Town in the coming year.

Following are statistics for new development in January 1979-80:

- Two subdivisions creating 22 new building lots
- Ten sub-divisions now requiring approvals (including so-called "pork chop" lots) creating 46 new building lots
- Three site plan approvals for three new businesses

In addition, the Planning Board attended eighteen Zoning Board of Appeals hearings and made recommendations relevant to requests for special permits and variances to grant relief from the zoning by-laws.

The Board held public hearings concerning eighteen articles for zoning by-laws. These by-laws included proposals for upgrading standards for lots in the business district on Route 3A and the downtown business district. The recommended by-laws also included technical changes to existing by-laws due to revisions in state statutes. However, due to lack of a quorum, a vote by the Town Meeting was never taken.

Matters coming before the Board this year continue to point to the need for topographical and drainage maps for the Town as well as accurate street and informational maps. An article requesting funds for this project will again be presented at Town Meeting.

The Board's rules and regulations were amended to provide for a schedule of fees for sub-divisions and site plans to be borne by developers:

Subdivisions:

Application fee — \$150.00; Per lot fee — \$25.00; Pre-payment fee for engineering expenses — \$500.00 (unexpended to be refunded)

Site Plans:

5,000 sq. ft. building or less — \$75.00; 5,000-10,000 sq. ft. — \$135.00; 10,000-20,000 sq. ft. — \$250.00; 20,000-40,000 sq. ft. — \$350.00; 40,000 sq. ft. and above — \$500.00

These fees are intended to cover the costs to the Town for engineering reviews of these projects.

The Board accepted with regret the resignation of Glenn Pratt and welcomed John O'Toole to the Board.

REPORT OF THE PERSONNEL COMMITTEE

To the Honorable Board of Selectmen:

Acting as the representative of the Board of Selectmen, the Personnel Committee negotiated contracts for the Town with the members of the Police and Firemen's Associations for the year ending June 30, 1980.

We continued our efforts to update and classify the duties and responsibilities of those Town employees and Department heads operating under our Bylaws.

REPORT OF THE COMMITTEE TO STUDY SPACE NEEDS FOR TOWN OFFICES

The 1979 Annual Town Meeting raised \$11,000.00 to be used by the Committee to develop plans for renovating the Town Hall. These were to be sufficient not only to insure that the space needs of the various Town Offices would be met, but also to obtain preliminary approval from interested regulatory agencies in order to get a building permit. The objective was also for the committee to be prepared to present to the 1980 Town Meeting a program of renovation and estimated costs to do the work.

Conferences and interviews have been held with:

Secretary of State's Office (Permanent Record Storage)

State Building Code Commission

Architectural Barriers Board (Handicap Review)

State and Local Building Inspectors

State Historical Commission

Cohasset Historic District Commission

Cohasset Board of Health

Cohasset Fire Chief

Cohasset Board of Selectmen, Assessors, Treasurer, Clerk, Accountant, Recreation Department and others who use the Town Hall for one purpose or another. As of this writing we have most of the approvals that will be required to obtain a building permit.

We propose to present to the 1980 Annual Town Meeting costs of preparing plans and specifications suitable for obtaining bids for renovation work that would be considered at a future Town Meeting.

REPORT OF THE DOG OFFICER

Submitted herewith is the report of the Dog Officer for the year ending December 31, 1979.

I received 997 telephone calls at my home, of these calls 318 were pertaining to complaints, 421 to lost or found dogs and 258 pertaining to general information.

I investigated 343 complaints, made recommendations to the selectmen based on my findings, and resolved other complaints with parties involved.

All dogs must be licensed and the tag must be displayed on the dog. This practice would greatly expedite finding the owner of stray or lost dogs.

I would like to see dog owners react more positively and accept their responsibility when confronted by the dog officer with citizen complaints. I would also like to see dog owners accept the fact that some dogs do become vicious and when this happens, destroy the dog rather than wait until the dog maims a human being. Eighty percent of dogs ordered restrained after biting a person inadvertently or with complete disregard of the restraining order bites someone again. When this happens the dog is ordered destroyed.

Again, I have had excellent support from the Selectmen.

Respectfully submitted,

John H. Barrett

REPORT OF THE BOARD OF WATER COMMISSIONERS

The year 1979 has been a rather routine one for the Water Department.

Mr. Lot E. Bates was elected to the Board in April, replacing Mr. Rocco Laugelle, who served the Board faithfully for twelve years. Mr. Bates has proven to be a valuable member of the Board.

Our second year of operation of the new facilities has worked well and with a minimum of problems. The demand for water has not met our anticipated expectations, necessitating a tight expenditure budget. Total output remains at the two hundred twenty-five million gallon range.

One thousand feet of new 6" main and two hydrants were installed by private developers off Atlantic Avenue and connected to the system. Twenty new accounts were activated bringing the total of active accounts to nineteen hundred and fifty four (1954).

Department personnel have replaced several old hydrants and with the cooperation of the Fire Department have inspected, repaired and painted all others. Many old services have been replaced with larger size pipe. In general the system is in good condition with the exception of some of the oldest sections.

In May a contract for a Water Distribution System Study was awarded to S.E.A. Consultants, Inc. of Boston. At this writing it is approximately 70% completed and will be presented to the Board in early Spring 1980. This report will give your Commissioners a tool which will be useful in planning future improvements and expansion of the distribution system. At this time there are many new Federal Assistance Programs for water improvements that Cohasset will be eligible to take advantage of.

The Board would like to take this opportunity to extend their thanks to the Board of Selectmen, all Town Officials, Department Heads, and Committees for their cooperation and support. Special appreciation to our Treatment Plant Operators for their enthusiastic and efficient operation of the new plant, the service crew and office clerk for their untiring efforts, and to the Superintendent for his many years of dedicated service.

Respectfully submitted,

REPORT OF THE SCHOOL COMMITTEE

Your School Committee has worked hard this past year to maintain and improve the excellence of the Cohasset School System. Both challenges and opportunities faced us as we responded to the fiscal conservation which swept the entire country during 1979. State mandated budget restraints, abetted by declining enrollments and changing priorities, created stresses between and among administration, staff, and the Committee.

Budget hearings consumed much of the first quarter of the year. Reflecting the anticipated budget limitations, pupil/teacher ratios were examined closely and several elementary positions were eliminated, reflecting reduced numbers of students. In order to begin complying with Public Law 94-142, money was allocated for exterior ramping to make all school buildings accessible to wheel-chairs. Concern over sharply rising energy costs prompted the inclusion of funds to change most of Deer Hill lighting from incandescent to fluorescent. Out of current funds, controls to improve burner efficiency were installed at the high school and Deer Hill. Energy audits of the heating, ventilating and lighting systems have been completed in all three schools and low or no cost improvements have been implemented. Declining enrollments and federal aid permitted the Deer Hill to be reorganized to permit the cafeteria to be re-established. The high school was voted \$14,000 to fund a health education teacher. At town meeting a budget of \$3,530,000, up less than 2%, was presented and accepted by the community.

There were many manifestations of the outstanding efforts by teachers and administrators to make a Cohasset education a broad and rewarding one. In 1979 the special needs area was reviewed by a state team and we were one of the very few school systems in Massachusetts to be found in 100% compliance. During the winter months we were thrilled by the exploits of the varsity boys' basketball team which scrapped its way to the state tournament and nearly went all the way to the eastern finals before bowing to a Boston parochial school. In the spring we were delighted by the players of "Story Theatre" under the direction of Ron Emmons. The dedication and hard work of these talented students became evident as they won successive competitions and finally were named one of two teams to represent Massachusetts in an all New England exhibition. In November we were gratified to learn that the class of 1980 had three National Merit semi-finalists. Six more seniors received National Merit Letters of Commendation which represent scores in the top one percent of those taking the Scholastic Aptitude Test.

To maintain our level of achievement, new programs, in-service training, and curriculum development must be encouraged. During 1979 the South Shore Council on Alcoholism worked in small groups of students in the high school, held meetings to inform parents about the problem and how to deal with it, and ran a course for teachers called Basic Alcohol Education which 20 staff members completed. During the summer a handwriting curriculum was developed by staff members for implementation in the fall.

In October we began an in-service program on Identifying and Responding to Gifted and Talented. Virtually the entire elementary school teaching staff has participated. The thrust of this course is towards the higher levels of learning, analysis, synthesis and evaluation. The aim is to increase these learning activities in the classroom for a wider spectrum of students.

Administrative improvements continued to command a large part of Committee time. After much study, the custodial work force was reorganized to provide for longer coverage when the buildings are empty. This was done primarily to facilitate cleaning but had the secondary benefit of decreasing the likelihood of after-school vandalism and unauthorized entry. New exterior security lighting at the high school is another response to increasing vandalism.

During the summer months a sub-committee composed of community representatives and staff worked on revising the teacher evaluation instrument. In September a new instrument was accepted. Much is hoped for, especially in the area of improvement of teaching. However, it will take several years before we can be sure it is right for the Cohasset School System.

In the fall the Committee began the task of approving job descriptions for every position in the school system. A board sub-committee spent many hours of work on this project, interviewing many staff members, to update descriptions previously written by the Superintendent, before presenting their work to the Committee. This important task will be completed in early 1980.

In 1979 we lost two veteran members of the School Committee. Mrs. Josephine Mahoney DiGirolamo, Vice-chairperson resigned, and Mrs. Doris Golden, Chairperson for the last five years did not stand for re-election. Their wise counsel and great experience are sorely missed. Elected in their places were Mrs. Diana Kornet for the unexpired term and Mrs. Martha Gjesteby. Returned for a full term was Mrs. Irene Brown.

On five occasions during the year, both before and after the change in Committee make-up, the question of whether to release some ten acres of school land for the purpose of construction of a municipal sewer plant was discussed. The Committee consistently voted to retain control of the land for two reasons. First, the land is the only large block of land suitable under current regulations for school construction. Second, the proposed plant would be situated only 400 ft. from the Joseph Osgood School, close enough for odors and possibly airborne viruses to be a potential problem.

This report is dedicated to the staff and administration of the Cohasset Public Schools. We thank them for all their efforts, individual and collective, for the children of Cohasset. We also recognize the many parent volunteers whose efforts are helping us approach our goal of individualized education despite fiscal restraints.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

It is with pleasure that I submit to you my fifth annual report as Superintendent of Schools. Drafting the 1979 report to the citizens and taxpayers of the Town of Cohasset is a challenge to the Superintendent, since he must reflect upon not only that which has taken place during the past calendar year, but also that which has occurred during the decade of the seventies. During the ten-year span of the seventies, the Cohasset School Department has been served by three Superintendents. Each made his positive contributions to the education of the youth of the community.

The decade of the seventies was one of contrast. In the early part of the decade, it was typified by extreme liberalism, student revolts, dependence upon drugs, and anti-authoritarian attitudes. The decade closes not on a liberal trend, but in a conservative mood. We are now talking about "back to basics", discipline, law and order, and conformity rather than dissidence. Unfortunately, we still have the problem of alcohol and drugs in our society, with a greater emphasis on alcohol and a lesser dependence on the hard core drugs in our community.

The seventies witnessed a further breakdown of the family and with it the resulting disintegration of many family support systems which previously helped youngsters to mature as responsible adults. The breakdown of the family unit has caused us to become more concerned with the physical, mental and emotional development of each child. Correspondingly, the school has been expected to do more for children since, it is sad to say, parents in many cases no longer have the time to devote to the upbringing of their children. Single parenthood and a larger number of working mothers tend to promote a feeling of solitude for growing children. Programs to help these children, unrelated to reading, writing, and arithmetic, have become an essential part of our school system.

The world continues to be in turmoil. Not only do we have the nagging problem of the Middle East, but also the increasing importance of China as a world power, the rapid development of the country of Brazil, the influence of Cuba in world affairs, and the volatility of our own American political scene in which a president and vice-president were dishonored, and a forthcoming presidential election with no less than 9 announced candidates: 6 Republican and 3 Democratic.

Although there are many unsettling factors external to the school system, these have not caused us to veer from a determination to produce an academically sound educational program for the children of Cohasset. That, I am proud to say is my mission, as it always has been and will continue to be. During the past calendar year, the Cohasset School Department has been able to achieve many notable successes in areas frequently overlooked in the evaluation of a school system. I wish to bring to your attention the notable achievements that we have attained in our student activity areas, and principally those of our dramatic, instrumental, and vocal music clubs. We were honored by winning the Massachusetts Drama Festival in Boston with a play entitled "Story Theatre." This was a first for Cohasset and we hope not the last. We have many talented youngsters. We must encourage them to pursue their creative abilities beyond

the confines of the academic classroom. Thus, participation in drama, in music, and in the full array of the arts, is absolutely essential if we are to develop versatility in our children.

Five of our students were selected to play for the Massachusetts All-State Band in 1979. Our Barbershop Quartet and several of our choral groups received accolades for various performances on the South Shore. We hope to be able to build upon these successes in the future. Unfortunately, the press focuses too much attention on athletic accomplishments and too little on the demonstrated creative talents of youngsters. The self-confidence, the self-satisfaction, and the enjoyment of developing a creative performance for others to witness is a gratifying experience. I hope that we will be able to encourage a greater number of our youngsters to pursue careers in the arts in subsequent years.

The much heralded back to basics movements, and the efforts by the Massachusetts State Department of Education to determine competency standards for school systems is not new to us. For the past 5 years we have been using the results of our standardized tests to make specific improvements in our academic programs. In compliance with the Massachusetts Department of Education regulations, we have a joint community-school committee working on basic competency standards for our schools. We are well on our way toward achieving the goals of the Department of Education and hope to complete the task at an early date.

Each year we undertake a systematic review of all of our curricula areas and make necessary changes to strengthen individual academic programs. 1979 was no exception to our determination to continue to improve upon the programs that we offer the children of Cohasset. At the elementary level a group of our staff members worked on a summer curriculum committee and developed a sequential handwriting program for K-6. This system called the "Johnson Handwriting Method" has been tailored to Cohasset and is presently in operation. It is our long-range hope that this new program will enable us to achieve a consistency and uniformity in the formation of letters and handwriting in our elementary schools and ultimately throughout the system.

As a result of a continued decline in enrollment at the primary school level we were able to introduce a class for severely handicapped children at the Joseph Osgood School for the first time. The class identified as the "Collaborative Class" functions under the sponsorship of the South Shore Collaborative: a consortium of eight local communities pooling economic and human resources so as to better serve the requirements of low incidence handicapped children. Another exciting development this year has been the introduction into the second grade of a program called "Project Mainstream." This program is staffed by parent volunteers and offers our second graders an opportunity to learn about the various problems experienced by adults who are living with these handicaps. Specific instruction was given in helping children understand blindness, deafness, physical handicaps and mental retardation. The success of this program at the second grade has caused us to study the possibilities of expanding this effort to other grade levels. The Superintendent wishes to acknowledge the service of the volunteer parents who helped with this program, and to thank the

individuals in the four handicapped classifications who spent the day in the Osgood School talking to our children about their specific handicaps.

A new language arts program entitled "Language Arts for Daily Use" has been introduced across all three grade levels (4-6) at the Deer Hill School. Along these same lines, a pilot program in spelling resulted in the purchase of new materials for grades 4 and 5. The School Department is making a special effort to enhance the spelling abilities of our children at all grade levels. Initial efforts are already underway and sums for the purchase of additional spelling materials will be included in the 1980-1981 school budget.

Numerous program improvements have taken place at the Junior/Senior High School. We are pleased to report that we have noticed an increase from 10 to 23 in the number of students who have enrolled in our computer science course. The importance of computers in the future cannot be underestimated. We are on the threshold of another technological explosion which will occur during the decade of the 1980's. Correspondingly, we intend to encourage a greater number of our youngsters who demonstrate an interest in the use of the computer to become fully involved in our programs. We plan to provide them with a strong base for future use after high school.

In direct response to the nation-wide decline in SAT scores, which is not evident in Cohasset, we are conducting a Scholastic Aptitude Test review for all Algebra II students. Extra help is provided to youngsters on Fridays of each week. The importance that we place upon mathematical skills is evidenced by our monitoring of all college preparatory classes in the areas of Algebra I, Geometry, and Algebra II. Every other week a skills development quiz is given on Fridays and youngsters who are determined to be lacking in a mathematical skill are encouraged to attend after-school sessions or are assigned to the mathematics lab in an effort to help them overcome their weaknesses. This program has been successful, and we intend to continue it.

One of the most notable changes in our secondary school curriculum took place in the field of Social Studies. We reduced 29 ten-week quarter courses to approximately 8 electives which are now taught either on a semester (half year) or a full year basis. Greater stress has been given to 20th Century or Modern History as opposed to the Ancient and Medieval. Within the Social Studies Department, we are stressing such skills as: writing, spelling, and preparation of research papers using a standardized form.

In an effort to promote consistency in research and term paper design, the English Department distributed a printed document entitled "Style Manual" to all students in grades 9-12 in September. The implementation of the Style Manual was the result of curriculum study committees that took place during the 1978 and 1979 calendar years. We believe that a uniform approach to research and term paper design will greatly assist our youngsters in their work, not only in the high school, but in their higher education pursuits.

As a result of a penetrating analysis by our staff and others serving on summer curriculum committees during 1978 and 1979, we have revamped our science programs in grades 7-12. In grade 7 we are now offering courses in "Life Science" and in grade 8 "Earth Science." Correspondingly, at the senior high school level we have included a practical course in consumer science for non-college bound students. In response to suggestions from recent graduates, we have instituted a new course called "Anatomy and Physiology" for grade 11 and 12 students who are college oriented. This course is designed to be of specific value to youngsters who wish to pursue a career in a medical-related field such as Health Education, Nursing, and the various Therapists' programs. We believe these significant changes will enable us to provide a solid science program for all of our children in the Junior/Senior High School.

Our Foreign Language Department has remained stable for the past several years. I am pleased to report that several of our students took the Advanced Placement exam in Latin in 1979 and did well. Additionally, we look forward to the first class to graduate from Cohasset High School with a six-year sequence in Spanish in June of 1980.

System-wide we have been able to develop a new physical education program for some of our special needs children. Our "Adapted Physical Education Program" is therapeutic in nature. It is designed to strengthen, develop flexibility and increase endurance of youngsters who are lacking in motor coordination. Personnel in our Physical Education Department and our Occupational Therapist have spent considerable time in addition to their regularly assigned classes to provide extra help to these children.

There are three additional and significant items worthy of mention in the Town Report. The School Department received a Comprehensive Education Training Act Grant (CETA) for \$131,998. This Grant enabled us to employ ten men to work in custodial and maintenance programs throughout the school system. The extra manpower enabled us to renovate and refurbish many classrooms and other areas previously overlooked due to budget restraints. Work has been completed on fitting exterior doors, replacing glass, painting, building storage areas, installing ceilings, restoring classroom cabinets and counters and greatly improving the general appearance of our schools through a planned program of clean-up, fix-up, and paint-up. We look forward to being able to continue part of this program into the 1980 calendar year.

Secondly, we received from the School Lunch Program a 75% participation of the Federal Government for the renovation of the former grade 4 and 5 open space area into a cafeteria for the Deer Hill School. The Federal Government's share of this project amounted to \$15,619.43. This sum of money, together with approximately \$6,000. of budgeted funds provided by the taxpayers of Cohasset enabled us to completely renovate and equip the cafeteria at the Deer Hill School. We now have a Hot Lunch Program which is serving the needs of our children and has been extremely well received by our youngsters, the faculty, and parents who have toured this newly renovated facility.

Thirdly, we received a grant of \$1,758. from the Commonwealth Institute, an agency of the Massachusetts department of Education. We have used this money in conjunction with Bridgewater State Teachers' College and are offering a three-credit graduate course to our teachers in the area of the Gifted and Talented children. We are presently involved in a pilot program for our Gifted and Talented in grade 6; we will include grade 5 in the program starting in January of 1980 and, subject to budget approval by the School Committee, hope to include grade 4 as of January 1981.

The Cohasset School Department wishes to acknowledge the fine efforts of the Wire Department and in particular the work of Stephen F. Wigmore, Superintendent of Wires, and his two assistants, Richard Gallo and James McNamara. Mr. Wigmore and the members of the Wire Department have performed numerous services for the School Department in a cheerful and efficient manner. Much of their effort this year has been devoted to helping us to become "energy efficient" electrically. The members of the Wire Department have replaced incandescent lights in approximately ten classrooms with fluorescent fixtures, replaced exterior security lighting, repaired the intercom and clock systems, helped us with the electrical wiring of our football scoreboard and portable sound systems, replaced and repaired numerous electrical plugs, fixtures, and circuits throughout the school system. Each of these items has enhanced the daily operation of the school buildings. We feel most confident and comfortable with the work that the Wire Department does for us. The efforts of these men have saved the Town thousands of dollars of electrical charges within the past year. As a result of their continued efforts, I, as Superintendent of Schools, wish to acknowledge their service on behalf of the School Department and all the citizens of the Town of Cohasset.

In conclusion I would like to state that you, the citizens and taxpayers of the Town of Cohasset, should be extremely proud of the accomplishments of the school department during the past calendar year. We are accountable. It has been an extremely productive year for us, one in which we have attained many notable achievements, and we certainly hope that our 1980 report can be as commendable. To all of the people who helped to make this such a satisfying year, my sincere thank you on behalf of the children of Cohasset.

**SOUTH SHORE REGIONAL SCHOOL DISTRICT
TREASURER'S REPORT
Fiscal Year July 1, 1978 to June 30, 1979**

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the fiscal year July 1, 1978 thru June 30, 1979, Financial transactions of the School District.

Details are presented with respect to the July 1, 1978 to June 30, 1979 estimated expenditures and their apportionment to member towns, actual receipts and expenditures, and abalance sheet and statement of outstanding debt as of June 30, 1979.

On August 23, 1978 the School District Committee voted to approve a total reduction in the 1978-1979 Operating Cost Assessment to Member Towns by the amount of \$127,890.00 in accordance with the provisions of Section 59 of Chapter 367 Acts of 1978.

Total operating expenditures for the fiscal year were \$1,357,762.98 and Capital Outlay expenditures were \$172,986.84, details of which are shown in the expenditure schedule.

Various additional expenditures under self-explanatory titles were made as per details set forth in the expenditure schedule.

Salary increases for all employees for the fiscal year 1978-1979 averaged 7.47% and the total of all salaries paid equaled approximately 71% of Operating Costs.

Construction of our "mini-addition" originally due to be completed in December 1977 has not yet been completed. On March 26, 1979 an initial meeting between the legal representatives of the School District Committee and Scaldini Inc., the general contractor for our "mini-addition" met with the American Board of Arbitrators, Boston, Massachusetts to discuss the required procedures necessary to effect a solution in this case. Since that time further delays have been encountered as the result of a superior court order including six sub-contractors in this dispute as well. As of the close of the fiscal year June 30, 1979 no further action has taken place.

Final settlement of this case will be long delayed in view of the necessity of hearing all of the participants now involved in coordinating and evaluating their testimony and arriving at a decision relative thereto.

On April 18, 1979 a temporary occupancy permit was approved by the Hanover Building Inspector and our long delayed "mini-addition" was occupied for school purposes, while awaiting a decision in the arbitration proceedings with respect to the completion of this building.

A third of five annual reimbursements in the amount of \$54,077.30 was

received during the year from the State School Building Assistance Commission relative to the construction of our "mini-addition" building.

Surplus Revenue was determined to be \$826,643.16 as of June 30, 1979 which was derived from the following sources:

REPORT OF THE TOWN ACCOUNTANT

To the Board of Selectmen and Citizens of Cohasset:

Submitted herewith is my annual report for the fiscal year ended June 30, 1979. The report is in accordance with Massachusetts General Laws Chapter 41, Section 61 and includes the following:

- (1) Statement of Cash Receipts
- (2) Report of Appropriations and Expenditures
- (3) Balance Sheet of General Accounts
- (4) Statement of Trust Funds
- (5) Statement of Long-Term Debt
- (6) Balance Sheet - Deferred Revenue - Sewer Assessments

The following are unpaid bills as of June 30, 1979:

Selectmen - Legal Expenses:

Eyal Reporting Service, 131 State Street, Boston, Mass. for stenographic services re suit of John E. Kuhn.	\$227.63
--	----------

Cohasset Common Historical District Commission:
